

QUARTERLY NEWSLETTER

March 2022

A MESSAGE FROM FRED

Dear Friends,

It is with great joy to find time again to share with you our gratitude for your continued partnership in this last quarter through prayers and support which continue to energize us to touch lives. Our church and school Ministries continue to grow to higher levels by God's grace. Our outreaches to the neighborhoods with the message of the love of Jesus Christ in the last four months as well as to high schools championed by pastor Martin, has seen close to 100 young and old give their lives to Christ. Currently expansion of our places of worship is ongoing to accommodate more. Our Nyapalo brick wall is at lintel level while our temporary tin structure preparations for Radienya has collected 20 tin sheets of the 150 that we need. Kindly believe with us in prayers for more. A fundraiser for Kigoto's new larger brick wall building raised \$400 last Sunday for a start, we thank God for your prayers. We appreciate Fred's kids for being our ministries voice out there sharing about us and our needs.

Fred Otieno

James 1:27

WHAT A DIFFERENCE!!!!

We appreciate Fred's kids for being our ministries voice out there sharing about us and our needs. The school ministry has been the greatest beneficiary this last quarter. We thank God for monthly provisions that has kept learners and teachers in school without interruption. The 3 new Kindergarten classes has been a big blessing for the little kids and their teachers. We now have the best learning environment for them. We only recently graduated a class of 40 from kindergarten.

HIGHER EDUCATION

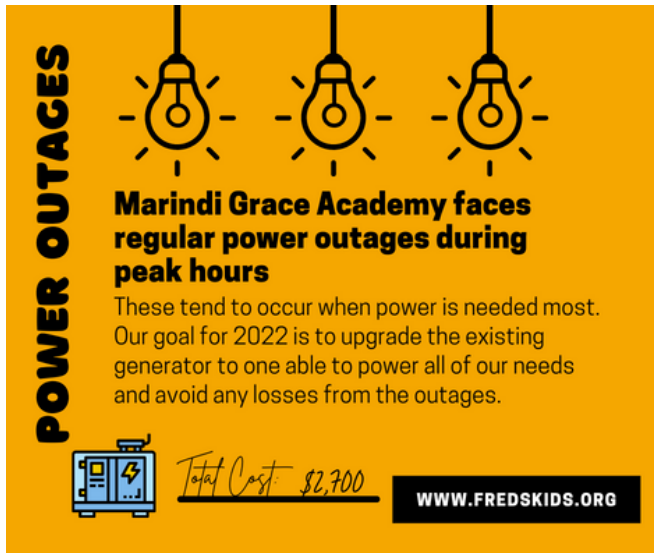

We thank God for fee support for our high school students and for a successful year for high school students. Even as we graduated 5 of them another 9 are joining this month, we trust God to provide for Fred's kids so that this increased number can continue with their learning. It is not every day we find donors to educate our kids beyond high school but we thank God that John is proceeding on to vocational school courtesy of a loving donor. This is good news and it is the first time this is happening.

COMPUTERS

Our computer class is so grateful for the 6 new desktop computers provided by Fred's Kids donors, be blessed friends.

And last, we thank God for new reading glasses for Levine who has had a long-time eye issue. We appreciate so very much some of our donors who are readily available to help us out anytime there is a need.

POWER OUTAGES

Marindi Grace Academy faces regular power outages during peak hours

These tend to occur when power is needed most. Our goal for 2022 is to upgrade the existing generator to one able to power all of our needs and avoid any losses from the outages.

Total Cost: \$2,700

OUR GROWING CHURCHES NEED PERMANENT STRUCTURES

We have 3 churches that have begun the process of building permanent structures. Our goal is to completely finish 1 and have the other 2 at least 75% completed before year end.
