Biography for THE FOUND

THE FOUND

The Found Band was formed in 2015 and became a ministry partner with radio station 89.7 KSGN. This partnership would allow The Found to offer churches all throughout Southern California free "Nights of Worship."

The Found is about encouraging people to become transparent with God, allowing God to break the walls and break the chains that we as humans put up to guard ourselves. The Found desires to help people realize that it's, okay not to be okay! Wherever you are in life, God can heal and restore you through worship! If we would only let down our guard we can experience true power and freedom in worship.

Over the past year, The Found has seen God work in amazing ways through the "Nights of Worship" and has witnessed God moving in mighty ways through this ministry.

Matthew 18:12 says, "If a man has a hundred sheep and one of them wanders away, what will he do? Won't he leave the ninety-nine others on the hills and go out to search for the one that is lost?" We were all lost at one point and in need of a Savior. Now we have been Found. We thank God everyday that He has not left us as he found us, but is restoring us and recreating us from the inside out! We have a hope that is anchored deep. We want to share that hope and bring encouragement to as many places God would have us go. Website www.thefoundmusic.com.
