Dear Faith Family,

The Board of the PLAINCHURCH met this past week and targeted 3 specific areas for needed capital improvements which require immediate action:

Bell Tower and Sills – over eighty years of service the seasons of ice, snow, and heat have taken their toll on some of the brick work causing them to crack or separate. This weakens the structure and has allowed for water intrusion which has caused problems inside the church. There are three stone window sill ledges which are cracked and crumbling.

After meeting with several contractors and masons we have accepted a bid which would replace the sills, reset and replace any and all cracked bricks on the bell tower.

Project Cost - \$5,800.00

Parking Lot – needs to be resealed and maintained before winter. Trustees received bids to do both the front and back parking areas as well as the entrance and exit areas.

Project Cost - \$5,500.00

Air Conditioning – was installed when the auditorium was constructed in the 1980s. After forty years of use the main unit, which cools the sanctuary, fellowship hall and classrooms, stopped working. A new unit would be cost prohibitive as the inside air handlers would need to be replaced as well to function with the new commercial AC system. We were able to get the current AC system fixed and a new compressor with a three year warranty.

Project Cost - \$3,600.00

The Trustees currently have \$4,500 available for special projects but obviously these needs exceed that amount. On **Sunday, July 15, 2018** after the morning service, a vote will be taken to fund these projects. If you cannot attend the vote please request an absentee ballot. No one else can vote for you.

Anything but ORDINARY!

The Lord has been good to us here at PLAINCHURCH. Luke 12:48 states that to whom much is given then much is required. We have been blessed with great facilities. Let's take good care of what the Lord has entrusted to our care. To keep us from having to dip into our general fund, please prayerfully consider an extra financial gift for these projects. Simply designate it to Capital Improvements 2018.

Thank you again for your faithfulness to the Lord and to the ministry of PLAINCHURCH.

There are exciting things happening here and more on the way. VBS saw 17 professions of faith over 4 days. This past Sunday there were 4 new professions of faith. We are seeing new faces and families testing the waters and visiting us here.

Summer Revival 2018 will begin on Sunday, July 22 at 6:00PM. Evangelist Phil Schipper will be preaching three consecutive nights. Abby Paskvan will be ministering in southern gospel music on our opening night. The revival will continue on Monday, July 23 and Tuesday, July 24 at 7:00PM each evening. Come and get refreshed from God's Word. Invite someone. Let's Each ONE Reach ONE.

Congregational Vote on Capital Improvements, Sunday, July 15, 2018. If you have questions please see our Senior Trustee, Bob Peinert or any of our Board members.

Blessings to You,

Pastor Marty Braemer
