DESCRIPTION: Great looking and performing Bear Tamerlane recurve. Comes with a Bear Premier Sight in excellent condition (a used Premier Sight alone sells in the \$200 range). No delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes. No chips, dings or cracks. No current stress lines or crazing. Decals are in mint condition. A few minor scratches and blemishes here and there. The back limbs had several scratches, worn varnish and some minor crazing, so I refinished the back limbs. They look nice and are white, compared to the original finish face limbs that have the traditional yellowing that comes with age. One can tell that the back limbs have been refinished. The limbs were reconditioned with white India ink and oil-based Polyurethane. Overall, this is a really nice bow in excellent condition for its age. The Bear Tamerlane was one of the premier high end target bows of its day. Comes with a new matching string.
