

Be Safe. Be Smart. Be Seen.

MAKE SURE DRIVERS CAN SEE YOU!

The Baldwin Home & School Club has installed pedestrian crosswalk flags at the crosswalk on Martinvale Ln. & Aintree Dr. and Burning Tree Dr. & Polvadero Dr. The kick-off date to start the flag program is Wednesday, December 12.

Pedestrian crosswalk flags are used at school intersections to help keep students safe as they walk to school. When a student holds a flag as they use a crosswalk, they are making surrounding cars aware of their presence and giving them the confidence to safely walk to school. Research has shown that the number of students who walk to school have increased after pedestrian walking flags and holders are installed, therefore reducing the number of car on the road.

PEDESTRIAN CROSSWALK FLAG

- 1. Take a flag**
- 2. Carry flag and cross safely to the other side**
- 3. Place flag in holder**

Please encourage your student to use the new flags!
