

Jeanette Walkley will be bringing her equipment back to the Taos Food Coop starting **Wednesday April 3 through Monday April 8** and appointments are available **now**. **Please book promptly, as they will fill quickly.**

Whether it is your first time to experience this, or you want to see how you have progressed, I can share that I was amazed at what I learned in my first test and then even more amazed at the difference in the appearance of my blood cells two months later, after rehydrating and doing some cleansing.

What Kinds of things can you see?

Heavy Metals, Free Radicals, Blood Clots, Plaque Buildup, Cholesterol, Kidney or Liver Toxicity, Digestion Issues, Colon Toxicity, Inflammation, Parasites and more.

You will be able to see your own live blood cells and fluid on a large monitor, while Jeannette explains simply what she sees. After that, you can decide what to do..... rehydrate?, do a specific cleanse? take specific supplements? eat better?

The cost is \$50.00. **IMPORTANT NOTE: Due to excessive no-shows in the past we are asking that you pay a \$25.00 deposit upon booking. You may pay via credit card or PayPal. The \$25.00 balance (cash please) will be due at the appointment.** Appointments are available every hour on the days she is here.

APPOINTMENTS ARE LIMITED. Please book promptly.

Thanks,

Susan
