DESCRIPTION: Deflex semi-recurve with Maple riser. White (very yellowed) limbs. The limbs have considerable "yellowing" and the yellowing that comes from aging is not completely uniform. This is a really good shooting entry level long bow. Bow has no delamination; no cracks; limbs are straight. Tips are in good condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in fair condition. Overall, this is a really nice bow in excellent condition for its age.
