## Snooker 3,4,5,C

\*In the opening you need to do red-color-red-color-red-color then start your closing.  
 \*In the opening everything is bi-directional. \*You may do a color multiple times, but reds can only be used once.  
 \*In the opening the #6 combo may be done in any order, if you fault the jump, you must still do the tunnel before moving on.  
 \*The finish jump becomes live after your third color.  
 \*In the closing you must do #2 through #7 as marked. #2 is **NOT** bi-directional in the Closing.  
 \*If I say thank you or you hear the horn proceed to the finish jump.
