Thank you for your interest in adopting or fostering a Greyed A Greyhound! Please fill out this form as completely as possible, as this will help us find the best match for you. Items marked with “*” are required to be answered for either/both adoption and fostering.

If you are a potential adopter and you do not see a greyhound on our website that interests you, please know that we get new greys in every day and if you let us know what your interests are, there will surely be a greyhound for you very soon :)

Greyed A is always in need of foster homes. Foster homes are invaluable to us, as being in a foster environment will give our greyhounds the best possible preparation for a smooth transition into a forever home. Greyed A also has a huge need for medical fosters, so if you are interested in this type of care, please let us know....if you have the interest but lack the experience, don't worry, we can train you! Greyed A takes care of food, meds and vet transport for all of its fosters.
