Notice and Consent for HIV-Related Testing Pennsylvania

To evaluate your insurability, the insurer named above ("the Insurer") has requested that you provide a sample of your blood and/or bodily fluid(s) for testing and analysis.

Tests may be performed to determine the presence of antibodies or antigens to the Human Immunodeficiency Virus (HIV), also known as the AIDS virus. A series of tests will be performed by a licensed laboratory through a medically accepted procedure. The HIV antigen test directly identifies AIDS viral particles. These tests are extremely reliable.

AIDS is a condition caused by the human immunodeficiency virus (HIV). In some individuals the virus reduces the body's normal defense mechanisms against certain diseases or infections. Positive HIV antibody/antigen test results do not mean that you have AIDS, but that you are at significantly increased risk of developing AIDS or AIDS-related conditions. Federal authorities say that persons who are HIV antibody/antigen positive should be considered infected with the AIDS virus and capable of infecting others.

Due to the serious nature of HIV-related test many public health organizations have recommended that before taking an AIDS-related test, a person seek counseling to become informed concerning the implications of such a test. You may wish to consider obtaining such counseling at your expense prior to being tested. HIV-related testing and counseling are available from the Pennsylvania Department of Health, Division of HIV/AIDS and local health departments. Additional information may be obtained from (717) 783-0572.

All test results will be treated confidentially. They will be reported by the laboratory to the Insurer. When necessary for business reasons in connection with insurance you have or have applied for with the Insurer, the Insurer may disclose test results to others such as its affiliates, reinsurers, employees or contractors. If the Insurer is a member of the Medical Information Bureau (MIB, Inc.) and if the test results for HIV antibodies/antigens are other than normal, the Insurer will report to the MIB, Inc. a generic code which signifies only a non-specific test abnormality. If your HIV test is normal, no report will be made about it to the MIB, Inc. Other test results may be reported to the MIB, Inc. in a more specific manner. The organizations described in this paragraph may maintain the test results in a file or data bank. There will be no other disclosure of test results or even that the tests have been done except as may be required or permitted by law or as authorized by you.

Positive HIV antibody or antigen test results will adversely affect your application for insurance.

If your HIV test results are normal, no notification will be sent to you unless you request it in writing to us. Pennsylvania state regulation requires you to designate to whom a positive test result will be disclosed. The designee must be one of the following:

☐ Physician

Name: _____
Street: _____
City, State, Zip Code: _____
Phone: _____

☐ The Pennsylvania Department of Health

☐ A local Health Department from the attached list

Name: _____
Street: _____
City, State, Zip Code: _____

Positive test results will be disclosed to you by the person or organization designated above.

I have read and I understand this *Notice and Consent for HIV-Related Testing*. I voluntarily consent to providing a sample of my bodily fluid(s), the testing of my bodily fluid(s) and the disclosure of the test results as described above.

I understand that I have the right to request and receive a copy of this authorization. A photocopy of this form will be as valid as the original.

Terminal Condition, Chronic Condition and Critical Condition Accelerated Death Benefit Options Disclosure

This disclosure form provides a brief description of the accelerated death benefit options available under your policy. For details regarding your rights and obligations under the policy, please read your policy carefully. Accelerated benefits are payments made to you during the lifetime of the Insured in lieu of payment of the full death benefit of the policy.

The Insured is experiencing a *Terminal Condition* if the Insured has a medical condition, resulting from bodily injury or disease, or both, which is expected to result in the death of the Insured within 12 months of diagnosis.

The Insured is experiencing a *Chronic Condition* if the Insured:

(a) Is unable to perform without substantial assistance from another person for a period of at least 90 days, at least two out of six Activities of Daily Living (Bathing, Continence, Dressing, Eating, Toileting and Transferring); or

(b) Requires substantial supervision by another person, for a period of at least 90 consecutive days, to protect the Insured from threats to health and safety due to Severe Cognitive Impairment.

The Insured is experiencing a *Critical Condition* if the Insured has been diagnosed with one or more of the following health conditions:

(a) Heart Attack

(b) Stroke

(c) Cancer

(d) End Stage Renal Failure

(e) Major Organ Transplant

(f) Amyotrophic Lateral Sclerosis (ALS)

(g) Blindness

(h) Paralysis

Conditions Under which Accelerated Benefits May be Elected: If the Insured is experiencing a Terminal Condition, Critical Condition or Chronic Condition while this policy is In Force, you may elect to receive an Accelerated Death Benefit payment subject to the provisions of the policy and the following conditions:

1. You must provide us with the required certification applicable to the requested form of Accelerated Death Benefit.
2. This policy must be In Force at the time of your Accelerated Death Benefit request; and
3. The Face Amount of this policy at the time the Accelerated Death Benefit request is received must be at least $25,000; and
4. We must receive the consent of all irrevocable beneficiaries (if any) and all assignees (if any) in a form acceptable to us.

If we approve your acceleration request, we will make the payment on the next Monthly Policy Date.

Amount of Benefit: The Accelerated Death Benefit payment we make to you will be less than the amount of the death benefit which you request to accelerate. For each form of Accelerated Death Benefit, the Accelerated Death Benefit payment for the amount of the death benefit which you request to accelerate will be calculated as A - B - C - D where A, B, C, and D are determined as follows:

A. The present value of the amount of the death benefit which you request to accelerate, which will be calculated using specific factors and an annual discount interest rate as described in your policy form.

B. Any due or unpaid premium if we make payment during the grace period.

C. The actuarial present value of future premiums, excluding rider premiums that would otherwise be payable to keep this policy In Force during the period of the Insured's remaining lifetime at time of the acceleration, using the applicable rated age, mortality table, and interest rate. For the Terminal Condition Accelerated Death Benefit, the future premiums are assumed to be zero.

D. An administrative charge for each Accelerated Death Benefit request. The administrative charge for each Accelerated Death Benefit request is $350.

If we approve your request for a Chronic Condition Accelerated Death Benefit or Critical Condition Accelerated Death Benefit, the amount that may be payable will be based in part on the nature and severity of the Insured's health condition and the Insured's remaining life expectancy at the time of the acceleration. The longer the Insured's remaining life expectancy, the lower the payment amount will be. The shorter the Insured's remaining life expectancy, the higher the payment amount will be.

Maximum Benefit: The maximum death benefit you may accelerate over the lifetime of the Insured is equal to the lesser of:

1. 90% of the Face Amount of this policy for Critical Condition and Chronic Condition; 100% of the Face Amount of this policy for Terminal Condition; or
2. $500,000, including all other Accelerated Death Benefits previously elected or currently under review under all policies, endorsements or riders issued by us or our affiliates on the life of the Insured.

The maximum death benefit you may accelerate in any 12 month period because the Insured is experiencing a Chronic Condition is 24% of the Face Amount of the policy at the time the option is exercised.

Effect of Benefit on Policy: The policy's Face Amount will be reduced by the amount of the death benefit accelerated. If less than the full Face Amount is accelerated, the premium payable after the Accelerated Death Benefit is paid will also be reduced. The reduced premium will equal the appropriate premium rate applied to the reduced face amount plus any applicable policy fee. We will provide you with information showing the reduced face amount resulting from the accelerated death benefit payment.

Payment of Accelerated Benefits will reduce the death benefit otherwise payable under the policy. Receipt of Accelerated Benefits may be a taxable event. Please consult your personal tax advisor to determine the tax status of any benefits paid under these options.
