

Twisted Oaks 400 - 2014

The Twisted Oaks 400 this year offered a little bit of everything for everyone. The day started clear and still with no mirage but rapidly changed to hot with abundant mirage. One relay was blessed with having to shoot thru a sudden downpour as a storm moved through the area. Needless to say, that did not improve scores. Thereafter, the mirage got really thick as the sun heated things back up. Additionally, some of the competitors thought they were involved in the ice bucket challenge as wind gusts dumped buckets of accumulated rain water from the tops of the canopies.

When the last relay was over, Joe Duke and Sam Duke were tied for first with identical 870 scores. After the one shot shoot off, Joe Duke was the winner by a small margin on the targets.

The Pohl's provided a great location, well run shoot, and a fine lunch for all who attended and deserve a hearty "Thank You".
