

Eastern Elite Player Screening - Parent/Guardian Declaration

I attest to the below information to be true as of today's date: _____

Player's Name: _____

Parent/Guardian's Name (please print): _____

1. Has your child had close contact (within 6 feet for 15 minutes or more) with someone diagnosed with Covid 19, or has any health department or health care provider contacted you and advised you to quarantine?

Yes (child must stay home)

No

2. Does your child have any of these symptoms?

Fever

Chills

Shortness of Breath/difficulty breathing

New Cough

New loss of taste or smell

Yes to any of the above in #2, child must stay home

3. Since your child was at an Eastern Elite practice, tournament or event last has she been diagnosed with Covid 19?

Yes (child must stay home)

No

Parent/Guardian Signature attesting to accuracy of the information provided above:

If the answer to question 1 is YES your child will not be permitted to an Eastern Elite practice, tournament, or event. Your child may return 14 days after the last time she had close contact with someone with COVID 19. They must complete the full 14 days of quarantine, even if they test negative for COVID 19.

If the answer to ANY of the symptoms in Question 2 is YES, your child will not be permitted to attend Eastern Elite practice, tournament or events and you should contact your child's health care provider.

If your child develops symptoms or tests positive for COVID 19, they may return to Eastern Elite practices, tournaments or events when: it has been at least 14 days since she has first had symptoms, AND it has been at least 24 hours since she has had a fever (without fever reducing medication), AND it has been at least 24 hours since your child's symptoms have improved - including cough and shortness of breath.

If your child has been diagnosed with COVID 19 but does not have symptoms - they should remain out of all Eastern Elite activities until 14 days have passed since the date of their first positive COVID 19 diagnostic test. NOTE: if your child later develops symptoms, they must meet the requirements listed for question #2 to return to Eastern Elite practices, tournaments or events.
