

Rap A Tap's COVID Policies and Procedures

- 1) All waiting areas are closed. Parents and siblings must wait in their vehicles instead of inside the studio. Parents of dancers ages 6 & under are encouraged to remain on site in the parking lot the first week back in case their dancer has any separation or behavior issues.

All classes will be available for digital streaming on our studio BAND APP. All families will be emailed a link to our private app they can download on their phone. So you can watch class from your car, home, or even the grocery store. This is an invite only group that can not be accessed without invitation and admin approval.

- 2) Dancers should not enter the studio until it is time for their class. Please do not drop off dancers early to watch other classes. Students can begin to enter 5 minutes before their scheduled class time. **All classes purposefully have 5 minutes in between to limit crossover between students.**

- 3) Remember the First Assessment starts at home. If your dancer feels sick, has a fever, or has recently come in contact with anyone this is COVID Positive
