Umpires will be available on the Friday night from 1830 if requested, to provide any rules clarifications and introduction to the rule system for newer players.

Games will be 2:15 in duration, plus a variable of 1-15 minutes.

In the event of an uneven number of players the following will occur:

1. Anyone can volunteer for the bye.
2. A local player will be randomly chosen
3. After the first round, the player on the lowest score will be chosen.

No more than one bye can be given and the bye will carry a nominal score of 90 points until all games are complete, at which time, the bye will be an average of the played games of that player.

Dice will be supplied by the organiser, no players are to use their own dice, not even by agreement. Simpler just to leave them at home, because if the umpire sees them, he will simply assume they are his and take them home with him.
