- Mike Connor was introduced to everyone as the new Public Works Special Projects Manager
- Home Rule Discussion – need 9 to 21 home rule commissioners to run for the positions. Duties would include 120 days of service to write a city charter, which would include a focus for the city regarding governance, taxes, council members, term limits, trails & parks. The city is working to establish a vision of what the city will look like for the future. The current working title is 'Our Voice Our Vision 2030". Citizens interested in serving on the commission should pick up an election packet at the City Clerk's office. The primary reason for becoming a Home Rule City is that it would allow the city the flexibility to create it's own governance that would be beneficial to the citizens and to the operations of the city instead of being restricted by state statute
