Summary of Conversation

Mr. Myers called to express concern about early drawdowns of Flathead Lake. Mr. Myers is concerned with Flathead Lake being drafted severely and prematurely, thus affecting his business and others in the Big Fork area. He does not want this to be a recurring event. I told him that if he wanted to he could file a letter stating his views for the record. In addition, I told him we would let him know when the notice for project transfer is issued.
