

Wine Tasting Team Event

Learn the art of winemaking in a fun-spirited team competition. In this fun and unique event guests will learn more about wine and improve their ability to identify different aromas and tastes within the wine.

We have devised a fun three part competition.

Part One: The event starts with a light-hearted introduction to the art of wine making and tasting in Bordeaux, by one of Dallas best Wine Sommeliers.

Part Two: Participants learn to identify different aromas and tastes in order to find the secret of its very essence. They then compete against the other teams to pick out aromas of three different wines.

Part Three: The competition is on, Teams are challenged to blend the best glass of Bordeaux. Teams will use their newly aquired skills in aromas, tasting and essence of wines. Judging will be done by the featured wine Sommelier.
