

CERTIFICATION

STATE OF TEXAS

§

§

COUNTY OF BRAZORIA

§

26

I, the undersigned, pursuant to §202.006 of the Texas Property Code, do hereby certify, as follows:

(1) I am an Attorney for Southdown Community Association, Inc. a Texas non-profit corporation;

(2) Instruments titled "Payment Plan Policy, Document Retention Policy, Records Production and Copying Policy, Guidelines for Solar Energy Devices, Guidelines for Roofing Materials, Guidelines for Display of Flags, Guidelines for Rainwater Recovery Systems, and Guidelines for Display of Certain Religious Items", are attached hereto;

(3) The property affected by the said Instruments is described as, to wit:

Southdown, Sections 1-3 and 5-13, additions in Brazoria County, Texas, according to the maps or plats thereof, recorded in the Map Records of Brazoria County, Texas, under Volume 1650, Page 654; Volume 16, Page 289; Volume 17, Page 153; Volume 19, Page 365-366; Volume 19, Page 739; Volume 20, Page 35; Volume 20, Page 79; Volume 20, Page 255; Volume 20, Page 391; Volume 21, Page 213; Volume 21, Page 93; along with any amendments, supplements, replats and annexations;

(4) The attached Instruments are true and correct copies of the originals.

IN WITNESS WHEREOF, I have subscribed my name on this the 28 day of December, 2011.

[Signature]
Luke P. Tollett, Attorney for Southdown Community Association, Inc.

Southdown Community Association
GUIDELINES FOR RAINWATER RECOVERY SYSTEMS

STATE OF TEXAS
COUNTY OF Brazoria

§
§
§

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the **Southdown Community Association** ("Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Declarations for the various sections of the community (referred to collectively as "Declarations"); and

WHEREAS, chapter 202 of the Texas Property Code was amended effective September 1, 2011, to amend Section 202.007(d) ("Section 202.007") thereto dealing with rain barrels and rainwater harvesting systems (referred to collectively as "Rainwater Recovery Systems" or "Systems"); and

WHEREAS, the Board of Directors of the Association ("Board") has determined that in connection with maintaining the aesthetics and architectural harmony of the community, and to provide clear and definitive guidance regarding the installation and maintenance of Rainwater Recovery Systems therein, it is appropriate for the Association to adopt guidelines regarding Rainwater Recovery Systems.

NOW, THEREFORE, the Board has duly adopted the following *Guidelines for Rainwater Recovery Systems* within the community.

1. Rainwater Recovery Systems may be installed with advance written approval of the Architectural Control Committee subject to these guidelines.
2. All such Systems must be installed on land owned by the property owner. No portion of the Systems may encroach on adjacent properties or common areas.
3. Other than gutters and downspouts conventionally attached to a dwelling or appurtenant structure, all components of the Systems, such as tanks, barrels, filters, pumps, motors, pressure tanks, pipes and hoses, must be substantially screened from public view from any street or common area. Screening may be accomplished by:
 - a. placement behind a solid fence, a structure or vegetation; or
 - b. by burying the tanks or barrels; or
 - c. by placing equipment in an outbuilding otherwise approved by the Architectural Control Committee.
4. A rain barrel may be placed in a location visible from public view from any street or common area only if the configuration of the guttering system on the structure precludes screening as described above with the following restrictions:
 - a. the barrel must not exceed 55 gallons; and
 - b. the barrel must be installed in close proximity to the structure on a level base with the guttering downspout leading directly to the barrel inlet at a substantially vertical angle; and
 - c. the barrel must be fully painted in a single color to blend with the adjacent home or vegetation; and

- d. any hose attached to the barrel discharge must be neatly coiled and stored behind or beside the rain barrel in the least visible position when not in use.
5. Overflow lines from the Systems must not be directed onto or adversely affect adjacent properties or common areas.
6. Inlets, ports, vents and other openings must be sealed or protected with mesh to prevent children, animals and debris from entering the barrels, tanks or other storage devices. Open top storage containers are not allowed, however, where space allows and where appropriate, Architectural Control Committee approved ponds may be used for water storage.
7. Harvested water must be used and not allowed to become stagnant or a threat to health.
8. All Systems must be maintained in good repair. Unused Systems should be drained and disconnected from the gutters. Any unused Systems in public view must be removed from public view from any street or common area.

The guidelines are effective upon recordation in the Public Records of Brazoria County, and supersede any guidelines for rainwater recovery systems which may have previously been in effect. Except as affected by Section 202.007 and/or by these guidelines, all other provisions contained in the Declarations or any other dedicatory instruments of the Association shall remain in full force and effect.

Approved and adopted by the Board on this 3 day of November 2011.

Ricki Willoughby
President
Southdown Community Association

STATE OF TEXAS

COUNTY OF Brazoria
