

# THE ALTAR OF SACRIFICE

## THE BLOOD MOON OF PASSOVER AND ASTRONOMICAL VARIABLES

The purpose of this chart is to present several points of interest that gives credence to the purported birth date of Jesus Christ as Messiah on September 11, -2 BC (-9-11). Although the date is in dispute, more so is the date of Christ's crucifixion and death. The popular notion of a 33 AD date and/or Jesus being 33 years is idealistic but not based on any real concrete facts or calculations. This study presents a possible date association solely based on astronomical patterns taken from the patterns of the lunar and solar cycles since Sep 11, -2 BC and the Mazzaroth pattern of the cycles of the Precession of the Equinox. Contrary to popular belief, there was no Tetrad or 4 consecutive Blood Moons from 27-34 AD. There were 4 partial solar eclipses in a row in 32 AD. There is only 1 possible eclipse that occurs on a Passover, April 14, 32 AD during this time span. There are few times in history where the Jewish and Western calendars synchronize. One such year was in 2014 where Passover occurred on the 14th of April. Perhaps such was the case in 32 AD. The full moon occurred on the 14th of April as all Passovers have to start with a full moon. What is peculiar about this full moon was that it was a Blood Moon, perhaps reminiscent of the Blood Moon that occurred the very midnight hour of the first Passover in Egypt. It was on that day that the Destroying Angel visited the land and took the First Born as was the case with Jesus Christ, as the Messiah and the 'First Born of Creation' on the altar of Calvary. The total Blood Moon occurred also in the middle of Libra, the Scales but in some ancient renditions, it was an Altar of Sacrifice. This would collaborate the depiction of Isaac and Christ, being offered on a slab. The dual connotation though, to the Scales of Libra denote the judgment and wrath of YHWH that was placed on Christ at the Cross of Calvary that in essence was an Altar, some say perhaps the very spot in which Abraham was tried with the attempted sacrifice of Isaac.

### SOME OBSERVATIONS

1. The partial solar eclipses since Sep 11 -2 BC to 32 AD = 32. This corresponds to the age Christ was, 32.5 or on His 33rd year at the time of the crucifixion based on the year counts since the purported birth date.
2. The 32 partial solar eclipses are demarked by 10 clustered separated by a factor of 7 years, i.e.  $10 \times 7 = 70$  coefficient.
3. There are a total of 18 total solar eclipses from Sep 11 -2 BC to 32 AD = a (6-6-6) pattern.
4. If a phi ratio spiral pattern is superimposed on the timeline from Sep 11 -2 BC to 32 AD = a direct correspondence to the age of 12 that is the Bar Mitzvah or Age of Accountability.
5. From the age of 12 to the time of the Baptism of Jesus is exactly 16 years.
6. From the purported birth of Christ in Sep 11 -2 BC to 32 AD anniversary of 28 AD + 3.5 years = April of 32 AD the time of Christ's Death.

### MARCH of 28-29 AD Star of David Alignment

### STAR OF DAVID ALIGNMENT

Another point of interest is that based on the research of John Charles Webb, a hexagram planetary alignment occurred during this time that presumes a commemoration of the Baptism of Christ just before a Passover and just before His 30th birthday. This time initiates the 3.5 yearlong public ministry of Jesus as Messiah that leads to the Cross of Calvary. The unique planetary alignment is the 2nd that appears to 'bracket' the lifespan of Jesus Christ. The first such configuration occurred in March 2, -5 BC, exactly 3.5 years to the purported date of Christ's birth in September 11, -2 BC.

### AN ASTRONOMICAL LIFESPAN

Another point of interest is that based on the Precession of the Equinox scale found in the Mazzaroth, the Birth and Death of Messiah was pegged to a 33° angle taken from the cardinal points of the Zodiac circle of time. Christ's birth confirms a Fall birth, Rosh HaShana mirrors His death in Spring during Passover. This pattern would coincide with the cycles of 'life and death' astronomically but in reverse order as the Fall signifies the descent of life into the dead of winter but that is the time Messiah was born. Likewise the Spring is a station of the beginning of 'life' to that goes into the summer but it was the time that Christ died.

Passover always starts with a Full Moon, meaning no Solar Eclipses could be possible to occur. However lunar eclipses can. As to a possible date, on APR 14, AD 32 a Wednesday, a TOTAL LUNAR ECLIPSE was rising above the Jerusalem horizon near Midnight. This coincides with the Destroying Angel of the night of the Exodus in Egypt. As the Passover Meal celebration was concluding, the Eclipse occurred as if to 'punctuate' this time with its apex at 23:02 hours on Apr 14, 32 AD Lunar Eclipse in Libra. There was a partial solar eclipse on Apr 28, 32 AD as well.

At Death of Christ an Earthquake occurred that was so powerful, it open the tombs of the dead.

Rose on Feast of Unleavened Bread

The timeline of the Passion Week will present an alternative view of the timing of the historical sequence of the Crucifixion. The Days are believed to be complete 12 hour day to night counts. The traditional understanding of the "Sabbath" has contributed to a misunderstanding of when the LROD actually was crucified, buried and risen. The timeline stipulates that the Crucifixion was on a Wednesday, making the Resurrection on the weekly Sabbath afternoon. Romans 6v4 does state that, as Christ was Resurrected, in like manner those in Christ would in the same manner be Resurrected; perhaps same hour.

BibleStudy.org

JewFAQ.com

GoogleEarth.com

NASA.gov

Stellarium.com

The actual date and timing of the Passion Week is in scholarly dispute. The traditional year is AD 33 although there are alternative views and explanations of when the Crucifixion took place. The timeline present is assuming a literal 24 hour day count. This would make the Friday Crucifixion impossible as the Resurrection would coincide with Monday sunset. The lunar eclipse of April 14, 32 AD might suggest the actual time of the Crucifixion.

### THE GOLDEN RATIO

The geometric 'spiral' is said to be the 'Signature of the Creator'. It is a mathematical relationship found in nature, the arts and the Human Form. It is when 2 quantities are in the golden ratio if the ratio of the sum of the quantities to the larger quantity is equal to the ratio of the larger quantity to the smaller one.

# MINISTRY OF THE MESSIAH

## ASTRONOMICAL VARIABLES AND PATTERNS

The timeline of the last 3.5 years of Jesus Christ's life will present an alternative view of the timing of the historical sequence leading up to the Crucifixion. The crucifixion is presented in this study that corresponds to a total lunar eclipse or Blood Moon on Passover. No other eclipse, either solar or lunar that is total occurs on a Passover except the one on April 14, 32 AD. The Passover Week timeline will also challenge the traditional understanding of the when the "Sabbath" occurred. A Friday crucifixion has contributed to a misunderstanding of when the LORD actually was crucified, buried and risen. The timeline stipulates that the crucifixion was on a Wednesday, making the Resurrection on the weekly Sabbath afternoon. Romans 6v4 does state that, as Christ was Resurrected, in like manner those in Christ would in the same manner be Resurrected; perhaps same hour.

Will come again at Midnight

### The Effects of Calvary ASTRONOMICALLY

Aquarius  
(Poured out as water)

Delphinus  
(Resurrection)

Cygnus  
(Crucified)

Draco  
(Lucifer vanquished)

Aquila  
(Resurrection)

Lyra  
(Praise & Worship)

Hercules  
(Christ victorious)

This is what the night sky looked like descending on Jerusalem looking west from the Temple Mount at the precise time of the Passover Blood Moon of April 14, 32 around midnight. The constellations echo the depiction of what transpired on the Cross of Calvary. According to the work of EW Bullinger, the Swan of Deneb signifies the graceful swan to be crucified as the Lupus or Victim is pierced through by an arrow. The Victim is poured out like water as in Aquarius.

The work on the Cross was to vanquish to work of Lucifer, the Dragon that Hercules' foot is set upon as the Lyre of Praise is offered up by Vega. The Dolphin and Aquila represent a coming Resurrection on the 3rd Day as the Sign of Jonah was only given by the Messiah to the Elders of Israel.
