

Good morning!

Sorry for the blurry video here, but T may have been 'blurred' in it also...take a look [here](#)!

Simple point to the clip today...no need to make that call from T! C and L passed on it for a reason! It was NOT a game-saver...the score was 23 – 8 when the play happened. Let it go! Officiate your primary!

TALK about trust and officiating your own primary in your pre-game!

Tuesday extra: Ask your partner(s) what went well and what didn't after your game. This may be the most important part of the post-game. Be honest!

Have a great game tonight!
