

RETROTHON TOURNAMENT RULES

Last Updated August 25, 2016

You only need to register for one event to participate.

It will be a single elimination tournament.

A coin flip occurs and the coin flip loser will pick the two teams for the game.

Players will then alternate choices by removing a game they don't want to play until they get to two games left. The remaining games will be assigned 'Heads' and 'Tails'. A coin flip will determine the game to be played.

SNES NHL'94

Sega NHL'94

NES Tecmo Super Bowl

RBI Baseball

SNES NBA JAM T.E.

Sega NBA JAM T.E.

Example:

Coin is flipped and Player A loses the coin toss. Player A will end up picking the two teams in the game.

- 1. Player A elects to remove NHL'94 Sega*
- 2. Player B elects to remove NHL'94 SNES*
- 3. Player A elects to remove R.B.I. Baseball*
- 4. Player B elects to remove NBA JAM T.E. Sega*

NBA JAM T.E. SNES is assigned 'Heads' and Tecmo Super Bowl is assigned 'Tails'.

*The coin is flipped again.
"Tails" is the result.*

Tecmo Super Bowl is the game to be played and Player A would select the teams to be used with Player B choosing their team.

****Alternatively, if both players want to play the same game, then they can proceed to do so.**

In the Retrothon tournament, called team matchups do not carry over, so you can pick the same match up throughout.
