Need creative ideas for moving UDL from theory to practice? Get this must-have quick guide, ready for any teacher to pick up and start using now.

Common Core College and Career Readiness

College and Career Readiness Toolkit

Debra Mills

The purpose of this toolkit is to help educators begin the process of forming teams and assessing their readiness to incorporate the college and career readiness culture and begin the crosswalk of the common core standards to existing curricula. http://www.ncpn.info/ccr-toolkit/resources/ccr_toolkit.pdf

Individual Educational Plan Connections

SEACO Guide Flash Drive

\$149.00

The guide replaces the original SEACO Core Content Access Guide and its 2009 update.

Focused on students with the most significant disabilities, this new version is intended to help educators more easily navigate and align goals and strategies to the current State Standards. It was developed by a committee of highly experienced California special education professionals.

Some of the guide's features and highlights include:

- A user-friendly format that clearly connects access points, or functional skills, to State Standards
- Sample goals for each access point, which can be used or tailored as needed
- Suggested strategies for engagement to assist in helping students meet goals and access State Standards

And with this version, the guide has gone digital, making it easier to search the material! Includes the entire 600-plus-page document on a flash drive. <https://goo.gl/IzoPG9>
