

# Human Rights Art Exhibition

---

## Sex Trafficking Conference

2010

## Jennifer Lubben

Curator

### 2010 Human Rights Exhibition Juror's Statement

The 5th Annual Human Rights Exhibition continues to serve as an educational event and address global and regional human rights concerns. The South Texas College Art Gallery will host the exhibition in collaboration with the college's Women's Studies Committee Sex Trafficking Conference. Both venues strive to bring awareness to human rights and encourage contemplation, reflection and activism. Through these conceptually and aesthetically unique artworks we hope to connect with viewers. We also hope to open both internal and external dialogues and confront the many horrors and injustices still found in our modern world.

Richard Lubben, Exhibit Coordinator and Juror
