News from the Kitchen

This year was a tough one with the pandemic. The food service department always strived to provide you with good, quality food in a safe manner. Thank you for your patience through this crazy time.

I want to personally thank all of the cooks who volunteered in the kitchen throughout the year. If it wasn't for them, there would be no food. I would also like to thank all of the members and non-members who supported the club on the days we did provide food.

Friday's fish fry was a great success this year. Sad to say, April 30th was the last fish fry for the summer. We are planning to reopen in the late fall so we can provide you with fish-n-chip's and many more items on Friday's.

Starting May 7th, Friday's will consist of many geared-to-summer foods. Check Facebook and the web site for updates for Friday's menu. Saturday's menu will continue to have burgers and dogs providing we have cooks volunteering.

Thank you to Paul Roy for coming up with the idea of breakfast on Sunday's. It was a great success. We are planning to reopen in the late fall to continue providing you with a great meal at a low cost.

We are always in need of volunteers in the kitchen. Please make an effort to sign up for Saturdays. Support your club and help out the kitchen. It is a great way to meet other members. There is a sign-up list behind the bar. See the bartender.
