

# **Agenda of the First National Conference on Protecting Pollinators in Ornamental Landscapes**

**October 12-14, 2015**

**Kanuga Conference Center**

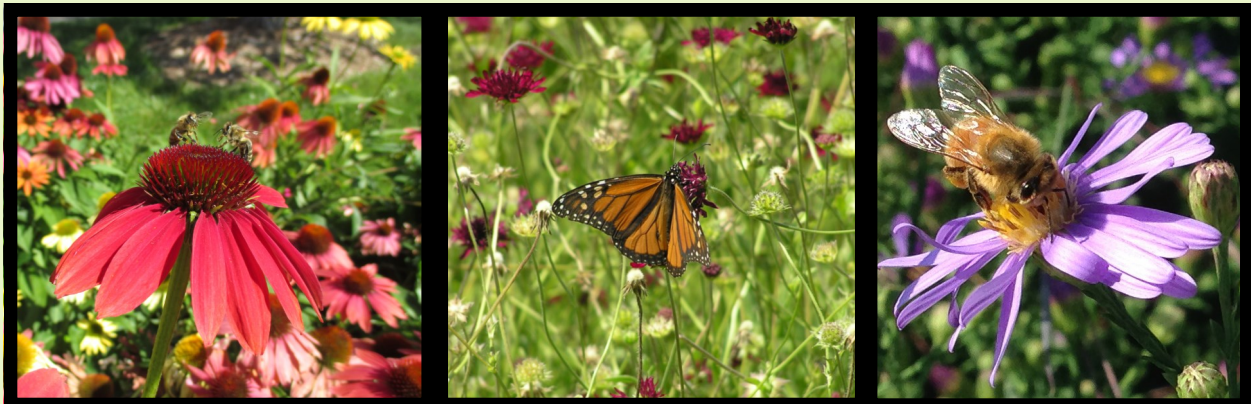

**Hendersonville, North Carolina**

**Co-organized by:**

**Michigan State University Extension and North Carolina State University**

**MICHIGAN STATE  
UNIVERSITY** | Extension

**NC STATE UNIVERSITY**

# First National Conference on Protecting Pollinators in the Ornamental Landscape

## October 12, 2015

- 6:00 - 6:45                    **Dinner**
- 6:45 - 7:00                    **Opening Remarks**
- 7:00 - 7:30                    *Stresses Faced by Bumblebees in Urban Landscapes*  
Keynote: Dave Goulson, University of Sussex, United Kingdom
- 7:30 - 8:30                    **Mixer**

## October 13, 2015

- 8:00 - 8:45                    **Breakfast**
- 8:45 - 9:45                    **Function of Pollinators in Ornamental Landscapes**
- 8:45 - 9:15                    *Understanding Wild Bee Biology to Guide Bee Conservation Strategies*  
Keynote: Rufus Isaacs, Michigan State University
- 9:15 - 9:30                    *Humans, Gardens, and Bees in the City*  
Emily Minor, University of Illinois
- 9:30 - 9:45                    *Pollination Services to Native Plants in Urban Landscapes*  
Rebecca Irwin, North Carolina State University
- 9:45 - 10:00                    **Break**
- 10:00 - 11:45                    **Threats to Pollinators in Ornamental Landscapes**
- 10:00 - 10:30                    *The Urban Pollinators Project*  
Keynote: Jane Memmott, University of Bristol, United Kingdom
- 10:30 - 11:00                    *Honey Bee Health: The Complex Web of Colony Decline*  
Keynote: Kirsten Traynor, University of Maryland
- 11:00 - 11:15                    *Beekeeping in the City: What Urban Living Means to Honey Bees*  
David Tarpy, North Carolina State University
- 11:15 - 11:30                    *Pathogens and Immune Function of Native Bees in Urban Areas*  
Margarita Lopez-Urbe, North Carolina State University
- 11:30 - 11:45                    **Discussion**
- 12:00 - 12:45                    **Lunch**

# First National Conference on Protecting Pollinators in the Ornamental Landscape

## October 13, 2015

12:45 - 3:30

### Pesticides and Pollinators

12:45 - 1:15

*Pesticide Impacts on Pollinators in Complex Landscapes*

Keynote: Nigel Raine, University of Guelph, Canada

1:15 - 1:30

*Pesticides in the Landscape and Their Impacts on Honey Bee Colony Health*

James Frazier, Penn State University

1:30 - 1:45

*Valuing Neonicotinoids in the Turf and Ornamental Industry*

Pete Nowak, University of Wisconsin-Madison

1:45 - 2:00

*How Safe are Garden Center Plants for Pollinators in the Yard and Garden?*

Dave Smitley, Michigan State University

2:00 - 2:15

Break

2:15 - 2:45

*Bees, Pesticides & Politics: Challenges & Opportunities for the Green Industry*

Keynote: Dan Potter, University of Kentucky

2:45 - 3:00

*Non-Apis Bees and Pesticides: Are They Different From Honey Bees?*

Cynthia Scott Dupree, University of Guelph, Canada

3:00 - 3:15

*Unravelling Direct and Indirect Effects of Insecticides on Pollinators and*

*Natural Enemies in Managed Landscapes*

Mike Raupp, University of Maryland

3:15 - 3:30

Discussion

3:30 - 4:00

Break

4:00 - 5:00

### Industry Perspectives from our Sponsors

5:00 - 6:00

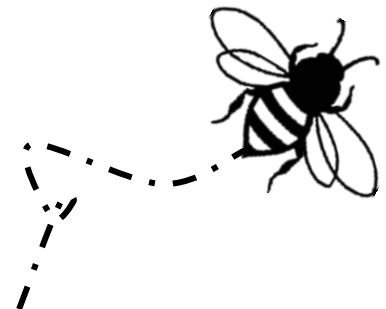

Break/Poster set-up

6:00 - 6:45

Dinner

7:00 - 8:30

Poster Session

## October 14, 2015

8:00 - 8:45

Breakfast

8:45 - 10:00

### Boots on the Ground: Efforts, Challenges, and Opportunities for Protecting Pollinators

8:45 - 9:00

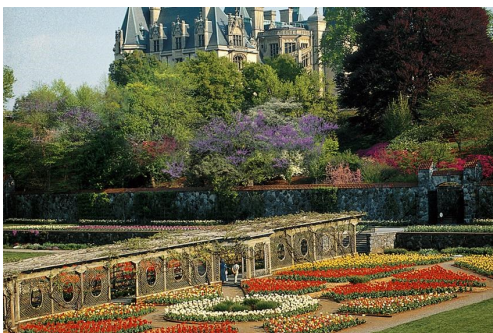

*The Michigan Pollinator Initiative - Coordinating Growers, Beekeepers, Researchers, and Landowners for Michigan Pollinators*

Meghan Milbrath, Michigan State University

# First National Conference on Protecting Pollinators in the Ornamental Landscape

**October 14, 2015**

- 9:00 - 9:15 *American Floral Endowment: Laser-Focused on Floriculture Industry's Research Needs*  
Terril Nell, American Floral Endowment
- 9:15 - 9:30 *Engaging the Public in Pollinator Conservation*  
Dave Goulson, University of Sussex, United Kingdom
- 9:30 - 9:45 *Keep Off of the Stamen and Don't Tread on our Hives: Public Gardens Protect Pollinators*  
Casey Sclar, American Public Gardens Association
- 9:45 - 10:00 Discussion
- 10:00 - 10:15 Break
- 10:15 - 11:45 Educating the Public**
- 10:15 - 10:45 *Consumer Perceptions of Insect Management Strategies during Ornamental Flower Production*  
Keynote: Kristin Getter, Michigan State University
- 10:45 - 11:00 *Reaching the Public – Master Gardener Citizen Science and Outreach*  
Connie Schmotzer, Penn State University
- 11:00 - 11:15 *If You Plant It, They Will Come: A Multi-faceted Extension Program Enhances Pollinator Conservation and Economic Development*  
Debbie Roos, North Carolina State University
- 11:15 - 11:30 *Attracting and Preserving Pollinators Through Sustainable Gardening*  
Susan Varlamoff, University of Georgia
- 11:30 - 11:45 Discussion
- 11:45 - 12:00 Break
- 12:00 - 12:45 Lunch**
- 1:00- 5:30 Optional: Biltmore Gardens Horticultural Tour (Limited to 40 participants!)**

*Participants will have the opportunity to visit the nationally-renowned Biltmore Gardens. Attendees will first have a one-hour horticultural tour to learn about how the Gardens address pest management and considers pollinator habitats. Participants will then have a two-hour self-guided visit inside the Biltmore house, gardens, conservatory, antler hill village & farm, the legacy exhibit, and the winery. The bus will depart at 5:00 pm and return participants back to the Kanuga Conference Center.*

**6:00 - 6:45 Dinner (for those staying overnight)**
