October 2018

October already! Where has 2018 gone? Halloween is just around the corner,

If you weren't in attendance for our September meeting you missed a great presentation on "fire stopping presented by Pooja Verma & Chris Hanson from Hilti North America. To be brief, "it's all about the specified fire stopping system as called out by the design professional and their supporting documentation and not about a specific product". Thanks again to Pooja & Chris! During this presentation we had a fantastic turn out from our membership. We had 39 attendees present. Thank You all for your participation.

Please Note: The SBOC Annual Holiday Luncheon and Business Meeting will be held on Friday December 14, 2018. An invitation will be sent out in November, I'm simply providing a "Heads Up"!

The SBOC Board is working at filling the programs for our monthly training meetings. Should any of you have any thoughts for a monthly training session feel free in contacting any of the Board members. Hopefully, you will have a presenter's contact information and are able to forward this information to the SBOC BOARD. With that being said, we the SBOC Board are looking for some volunteers to become Board members in 2019. Volunteering is a great way for members to have their voice heard, recommend programs and activities. Having new people provides fresh new ideas over the years. This is YOUR opportunity to Make a Difference and to be heard. So, why not contact me or any other Board member. I've enjoyed myself greatly being a Board member. Believe me it's FUN and GRATIFYING! The SBOC Board looks forward in hearing from you.

SBOC is back, we are having our monthly meeting on October 18, 2018. The topic is a new Solar Energy Program, SOLSmart, & how local Municipal Building Departments can assist in implementing processes to facilitate the permit process for Solar Energy projects within our communities and much, much more.
