Medicare Open Enrollment Period

You can make changes to your Medicare coverage each year during Medicare's Open Enrollment Period, which runs October 15 to December 7. Around September, you will start to receive notices with information about any changes to your coverage for the coming year. It is important to read and understand these notices so that you can decide if your coverage will continue to meet your needs or if you should change it

Take action:

1. Review any notices you receive from Medicare or your plan. Make note of any changes that will affect you in 2019. Contact your State Health Insurance Assistance Program (SHIP) if you have any questions about these notices. SHIP counselors provide unbiased counseling to help you understand and assess your Medicare options.
2. If you are unhappy with plan changes, you can look for a new plan. You can change your plan during Medicare's Open Enrollment and your new coverage starts on January 1, 2019.
3. Contact your Senior Medicare Patrol (SMP) if you suspect plan marketing violations or enrollment fraud. For example, contact your SMP if you receive a notice but are not sure if it is from your plan or not.
