

## Using Checkin Here, Ok and Pick Me Up Notifications

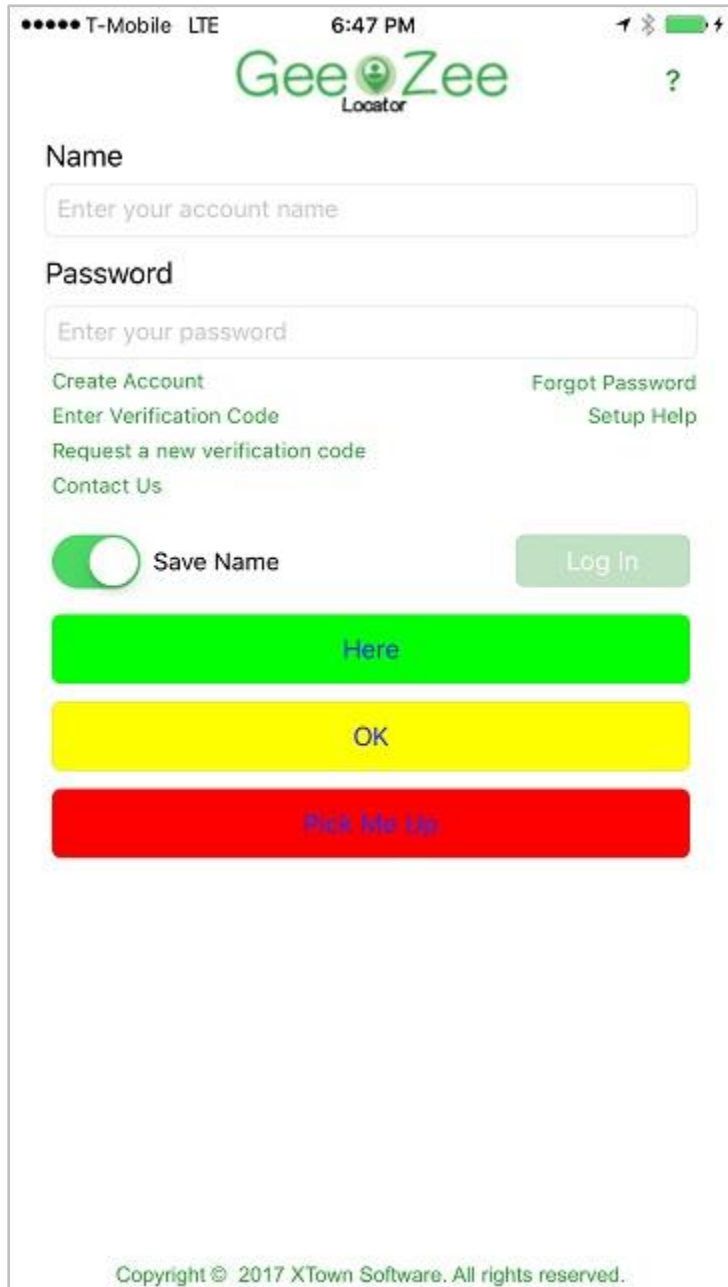

The following is an overview of one of the most useful features of the GeeZee Locator/Reporter apps which allows a child or senior to quickly and silently communicate with their parent or guardian with the following three hot buttons:

**Here:** Send an alert to reporter when child has reached their destination address with location (latitude/longitude) verification and map showing directions from reporter location to their destination address.

**OK:** Send an alert to reporter that child is ok but feeling uncomfortable at their current address location (latitude/longitude) with a map showing directions from reporter location to their current address.

**Pick Me Up:** Send an alert to reporter that child is ready to be picked up at their current address location (latitude/longitude) with a map showing directions from reporter location to their current address location.

From Locator Login screen:

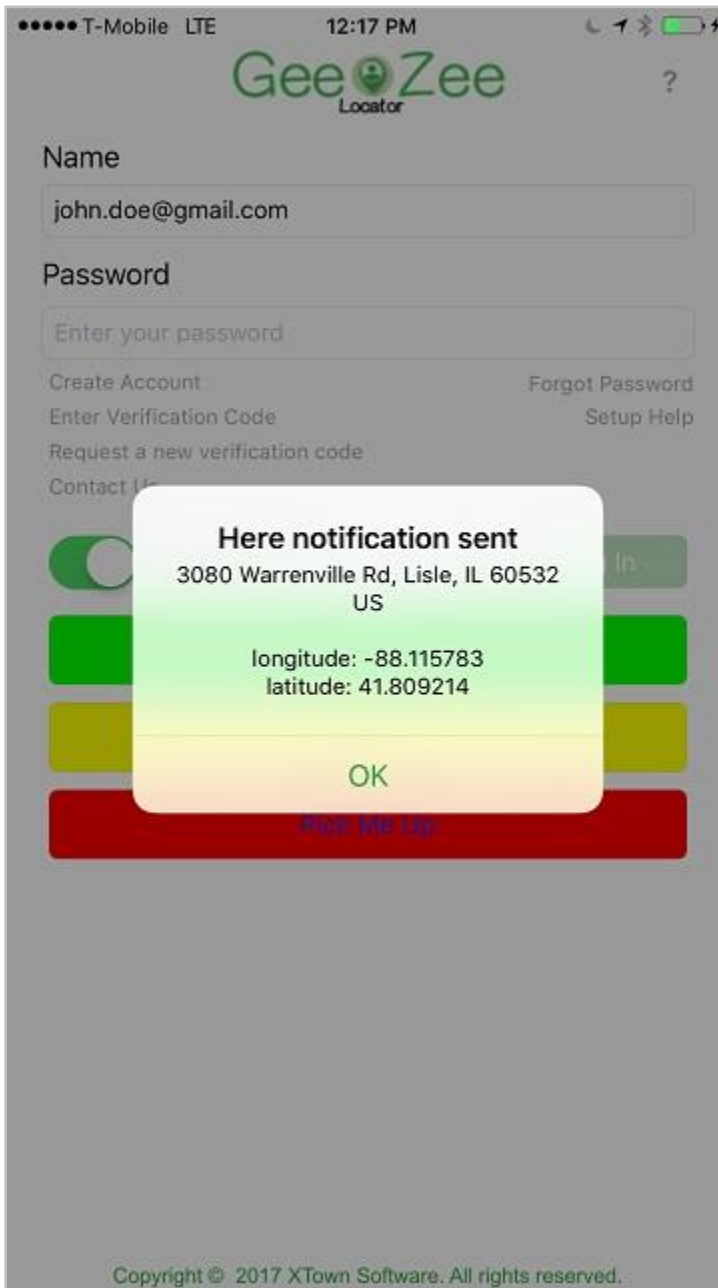

-Click **“Here”** button to send alert to reporter when locator destination is reached.

*Note: The reporter, i.e., Parent, phone will see the following notification:*

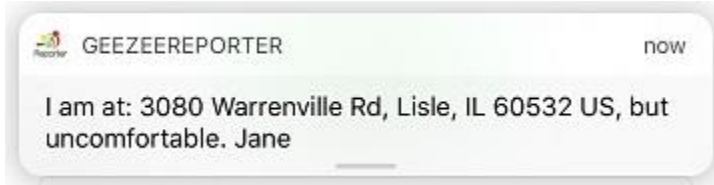

*Note: The locator, i.e., Child, phone will get the following confirmation when notification is sent:*

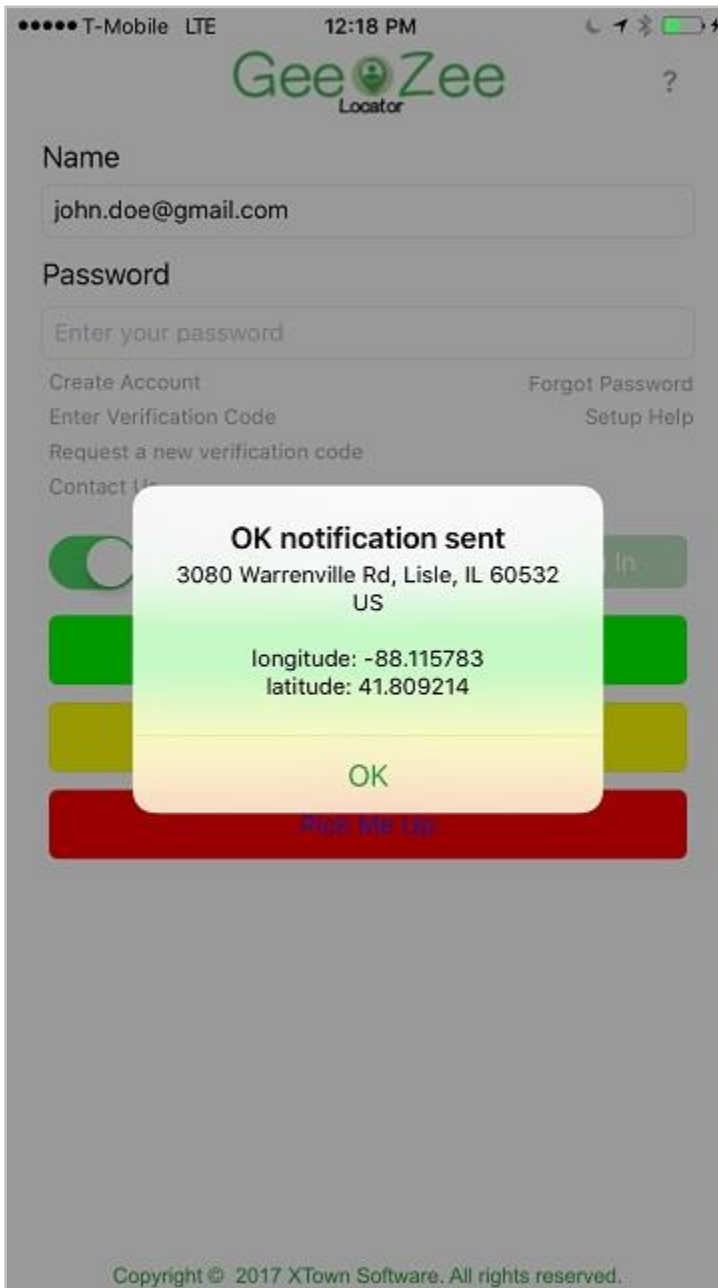

-Click **“OK”** button to send silent alert to reporter “I am ok but not feeling comfortable where I am at”.

*Note: The reporter, i.e., Parent, phone will see the following notification:*

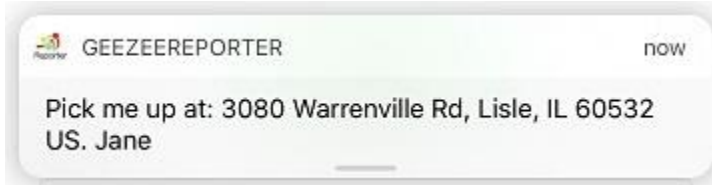

*Note: The locator, i.e., Child, phone will get the following confirmation when notification is sent:*

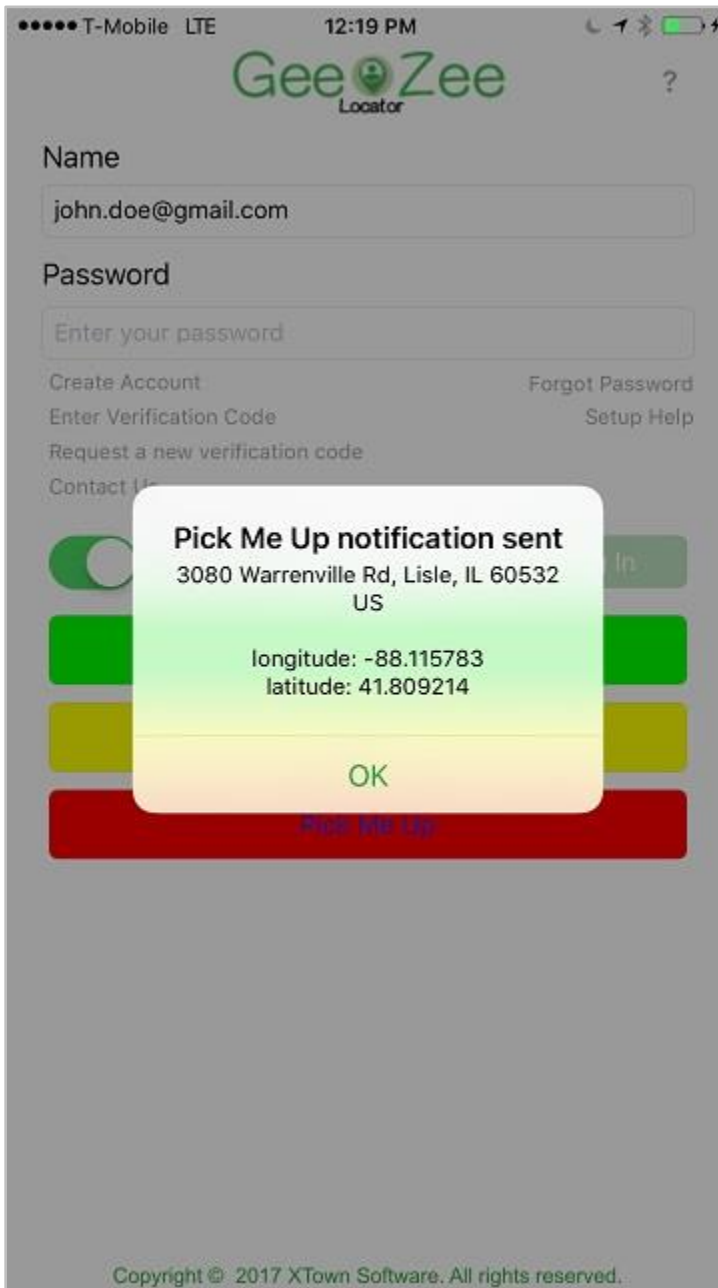

-Click **"Pick Me Up"** button to send silent alert to reporter "I am ready to be picked up where I am at".

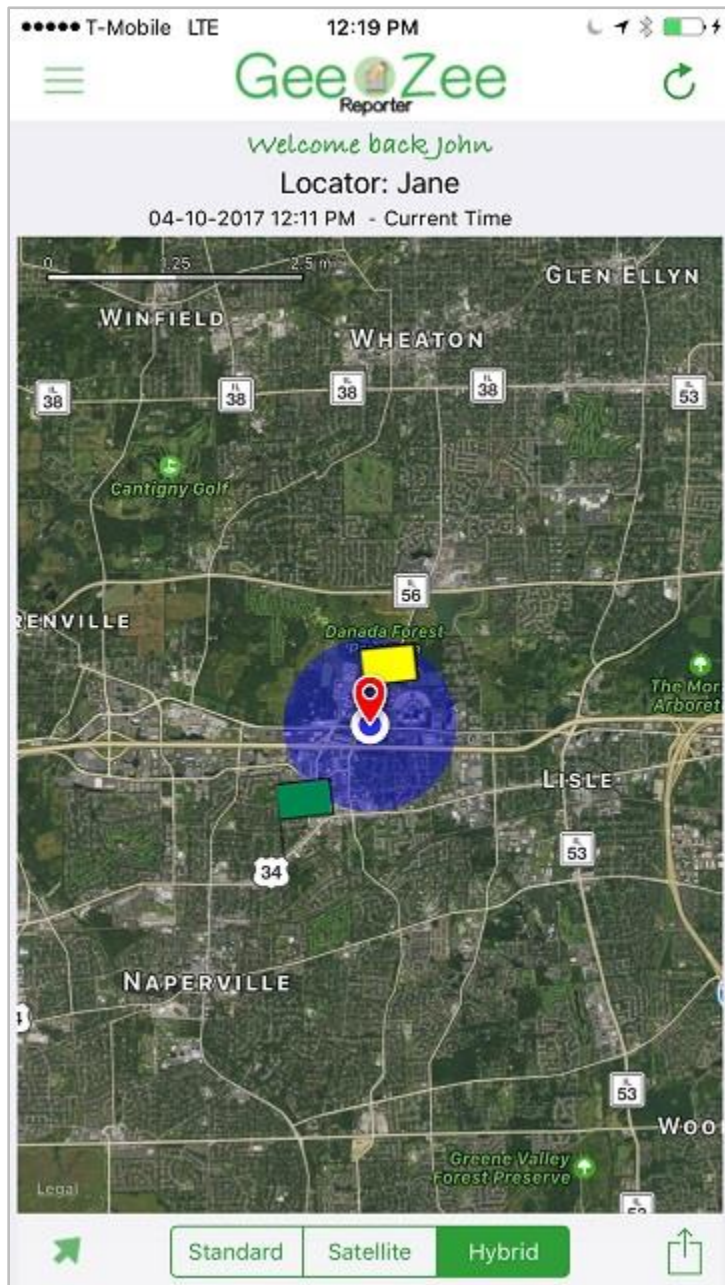

*Note: The reporter, i.e., Parent, phone will see the following notification:*

*Note: The locator, i.e., Child, phone will get the following confirmation when notification is sent:*

From Reporter Map screen:

-Click the bottom slide bar at bottom right of main Reporter map screen to show a list of most recent Checkin Notifications.

welcome back john
