Announcements

General:

There will be no daily Mass until June 19.

Nativity:

Bible Study – Bible Study is on hold.

St. Johns:

Ladies’ Bible Study & Reflection is on hiatus until September.

Altar Linens - Purificators

Purificators should be white in color. They should be ironed in such a way that they may be easily used for the wiping of the lip of the chalice.

Purificators are used to wipe the Precious Blood from the lip of the chalice and to purify sacred vessels.

Purificators are customarily brought to the altar with chalices.

Whenever the Precious Blood is distributed from the chalice, purificators should be used to wipe the rim of the chalice during distribution. If the Precious Blood is accidentally spilled, purificators should be used to absorb the spill and a corporal should be placed upon the area.

Altar Linens - Other Cloths

The Order of Mass calls for the washing of the hands of the priest celebrant in the course of the Preparation of the Gifts and the altar. Since it is his hands and not only his fingers which are washed at the lavabo, the lavabo towel should be of adequate size and sufficiently absorbent for drying his hands. Neither the color nor the material of the lavabo towel is prescribed, though efforts should be made to avoid the appearance of a dish towel or other cloth with a purely secular use.

A pall may be used to cover the chalice at Mass in order to protect the Precious Blood from insects or other foreign objects. In order that palls may be kept immaculately clean they should be made with removable covers of a worthy material which may be easily washed in the *sacrarium* and then laundered.
