

*Who  
We  
Are*

The Medina Consulting Company, Inc. (MCC) staff consists of knowledgeable environmental scientists, biologists, and geologists that are experts in their field and ready to provide the full range of professional environmental consulting services across Texas. MCC currently holds HUB, SBE, WBE, and DBE certifications.

MCC is a San Antonio based company with over fourteen years of providing environmental consulting services throughout Texas. MCC was incorporated in the State of Texas on August 20, 2002 and has maintained our office in the same complex at 6391 De Zavala Road, San Antonio, Texas 78249, since our opening. MCC has eight full-time employees including a Professional Geoscientist (PG), a Registered Environmental Manager (REM), degreed environmental scientists, geologists, biologists, environmental technicians, and an administrative services person. The MCC staff is dedicated, energetic, self-motivated and has worked successfully with both municipalities such as the City of San Antonio, the City of Orange, the City of Leon Valley, and private businesses and non-profit entities.

Professionals with our staff are certified by the Texas Commission on Environmental Quality (TCEQ) as a Leaking Petroleum Storage Tank (LPST) Corrective Action Specialist (CAS) and our Professional Geoscientist is certified as a Corrective Action Project Manager (CAPM). Members of our staff are also pre-certified by Texas Department of Transportation (TxDOT) in categories: 2.4.1 Nationwide Permits, 2.4.2 Individual Permits, 2.6.1 Protected Species Determination, 2.6.3 Biological Surveys, and 2.13.1 Initial Site Assessment of Hazardous Materials.

MCC is a San Antonio company that has been providing environmental consulting services to the San Antonio community and surrounding areas for the last 12 years. MCC is a woman-owned business certified by the State of Texas as a HUB and by the South Central Texas Regional Certification Agency (SCTRCA) as a small, woman-owned, and disadvantaged business enterprise (SBE, WBE, and DBE). In 2008, the Society of American Military Engineers (SAME) San Antonio Post awarded MCC the Small Business Member of the Year.

The MCC staff is readily available to quickly and efficiently perform environmental services for commercial or private businesses and municipalities. MCC's commitment to the successful on-time and on-budget completion of projects is well documented through our efforts with clients such as The City of San Antonio Capital Improvement Management Services (CIMS) Environmental Services Division (ESD) (now known as Transportation & Capital Improvements), the City of San Antonio Division of Grants Monitoring and Administration (GMA), the San Antonio Water System (SAWS), the City of Von Ormy, the City of Orange, and other private businesses and non-profit organizations.
