USE IN PREACHING. TEACHING AND CONGREGATIONAL LIFE

HOLLIS CENTER WELCOMES
TRACY RADOSEVIC
FOR A SPECIAL LEARNING EVENT

OCTOBER 2. 2018

Tracy says about herself, "Believing that narrative is the glue that holds life together, I have dedicated my adult years to better understanding the components of Story, the various methods by which it can be communicated, and how best to teach others to utilize its power to enhance their own life experiences. As a Christian, I'm particularly interested in the incarnational aspect of the embodied Living Word and how entering into a deep relationship with the sacred texts can result in spiritual transformation. This phenomenon is particularly crucial in a digital age where "seeing the picture" and communicating in a multi-sensory, visceral, relational way is not only essential, it's formational."

Tracy is a featured speaker across the country, author of many articles and produces a monthly podcast, *Faith in Focus: movies that people of faith should see*.
