Bylaw Enforcement

The Bylaw Enforcement Officer will continue to work on main areas of concern for the town; traffic enforcement, animal control and untidy properties. The Town of Preeceville acts on all written and signed complaints or concerns received at the Town Office. If the complaint or concern is a valid violation of the Town's Bylaws the Town may issue warnings, orders or fines to enforce the Bylaws. If this does not solve the issue, Bylaw violations are taken to Provincial Court for further action. If this is required, the person who submitted the complaint may be summoned to Court to testify to the bylaw violation. The Town would like to advise everyone that a lot of effort and resources are put into Bylaw Enforcement and should the complainants not be willing to follow through on the process, the Town's Bylaw Enforcement becomes ineffective.

Communities in Bloom

The Town of Preeceville will be participating in Communities in Bloom for the 2019 season. The Town of Preeceville flower colors this year are oranges, yellows and peach with purple and white accents. Judging will take place July 29th, 2019. Preeceville will be judged for its tidiness, community involvement, and floral displays among other things. Show that Preeceville is a proud community at work – with its people and plants. Please have your lawns mowed and your flowers blooming for judges.

Eco Centre

The Eco Centre opened again for the 2019 season on May 7th. The Eco Centre is open from 8:00 am to 12:00 noon every Tuesday, Wednesday, Friday and Saturday. You can drop off all your used oil, oil filters, antifreeze and diesel exhaust containers free of charge.

Dogs at Sports Grounds

The Sports Grounds committee is asking that any persons walking their dogs down at the Sports Grounds pick up after their pets, keep dogs on a leash and keep dogs off the ball diamonds to ensure the health, safety, and cleanliness of our facility. The Sports Grounds is heavily used in the summer months, so please help sustain this high standard of cleanliness.

Annual Notice to Consumers

Ministry of Environment requires that we provide water consumers with a drinking water quality and compliance report each year. This report states the quality of water produced and supplied by the town as well as information on the performance of the waterworks in submitting samples as required by the Minister's Order or Permit to Operate a waterworks. The Town's 2018 report has been compiled and is now available for pick up at the Town Office.
