

A stack of six red plastic cups is shown in a precarious, tilted position. The cups are stacked on a white surface, with the top cup being the most unstable. The text '6 Cup Challenge!' is overlaid in the center of the image.

# 6 Cup Challenge!

# Directions:

- :In this project, you will be collaboratively working with your assigned partner to conquer the 6 Cup Challenge! This challenge will test your problem solving skills, ability to work productively in a team and most of all... your patience!

# Objective:

- Your **objective** is to create a cup pyramid with your partner using *only* the tool provided in the shortest amount of time. **YOU MAY NOT TOUCH THE CUPS WITH YOUR HANDS.** If your stack of cups falls down for any reason, you must start over!

# Team Assignments – Period 6

- When I say go.....
- Match your number and suit of your playing card to another student in the class

# Team Assignments – Period 7

- When I say go.....
- Match your number and suit of your playing card to another student in the class

# Examples:
