

HEALTH, SAFETY AND ENVIRONMENT (HSE) POLICY

Vitane Biologics Pvt. Ltd. recognizes that excellence in Health Safety & Environment (HSE) performance is integral to an efficient and successful business.

We at Vitane Biologics are committed to pursue high standards of HSE performance in all activities and at all levels within the organization.

We shall achieve this by,

- Complying with all applicable laws and regulations relating to health, safety and environment matters
- Providing safe working environment for our employees, visitors and other stakeholders
- Creating the required awareness about HSE and developing knowledge and skills through training and communication
- Identifying, managing and mitigating the HSE risks effectively
- Conserving resources, recycling, reuse and reduction of waste and its prudent management
- Providing a system to identify and report unsafe acts and correct it by taking appropriate actions
- Ensuring that all accidents and incidents within the company are timely reported, recorded and investigated
- Developing an approach for making all our stakeholders aware and responsible to comply with our policy
- Continually improving in all the HSE endeavors by judicious review, monitoring and pursuing latest developments in this area

We at Vitane Biologics believe that HSE measures are the No.1 priority for the organization and are committed to the same.
