

Competition Schedule 2019

IMPORTANT.... Performance times can vary A LOT... like by 30minutes easy. Usually dancers will dance earlier.... rarely later. If dancers are ready backstage and someone isn't, they will put the ones who are ready on stage. So if it says performance time is 9:00 you should be there to watch 45minutes early-just in case. More than one parent has missed a performance because of this.

Also... your first time to the theater, allow time to park and actually find the theater. It can take a bit.
