## Heated Vest with Heated Hood

It's perfect for both cold-weather job site conditions faced by contractors, electricians, plumbers, and more as well as outdoor sports activities such as hunting, fishing, skiing, or tailgating at the big game. Detachable hood with two heating plates is windproof and offering a stylish performance fit that provides maximum flexibility and comfort, this multi-layered soft shell vest features six carbon fiber heating zones that are sewn into the fabric to distribute heat to core body areas. The water- and wind-resistant vest has three heat settings for varying heat needs, which can be set to high, medium, or low with a simple touch of a button. The hood and vest can be heated separately by buttons respectively.

**Expandable Waist design fits a variety of body sizes and shapes.**

### RETRACTABLE HOOD
