

A message
from our
Pastor

I would first like to give honor to God because without him none of this would be possible. It has been a great joy and an honor to serve as your pastor and I look forward to all that lies ahead.

As we begin this journey together trusting the Lord to lead us, I am filled with joy to know that greater is in the making for Aldersgate. Though I have not been here but a short time, you have taken me in and treated me like family and for that I am forever grateful.

My prayer is that as I am led by the Holy Spirit, that you all would allow me to guide the church in a new direction as we prepare for a move of God. I believe that there is nothing that can stand in our way if we are working together toward a common goal.

I pray that God's hand would be on each and every one of your lives, that you would know that there is a God that knows your name and that he is concerned about you. As I pray for you and you pray for me, we are getting ready to take this church into the next generation, one better than ever.

Pastor Tyrek
