## Jim Zamzow visits Leisuretime

By Kim Whitehead

We have been trying to figure out the best approach to taking care of the ponds in Leisuretime. This is no easy task as many things have to be taken into consideration due to the River being so close to the park and the ponds being wetlands. Thanks to Denis White we were able to get a little expert advice from Jim Zamzow who flew in to Cascade to take a look at the park and give Board Members and Bill (our

caretaker) some information. We are hoping that with the help of Mr. Zamzow and the direction he gave us we can keep our ponds looking good and minimize the issues we have had in the past. This won't happen overnight but with a plan, things should come together.

## In the Spotlight

by Kim Whitehead

This month we would like to send a big thanks to a couple of ladies who have been helping to rake up the mess in the common areas of our park. Barb Loftis and Laurie Fitch have taken time from their busy schedules to lend a hand. If

## Fill Dirt behind f-34 in the common area

by Kim Whitehead

Last year the Board had planned for improving the common area behind lot f-34. This area is low and causes standing water from the ponds to pool. Of course you know what standing water means. Mosquito breeding Ground.

We added some fill dirt and we are hoping that this will help to improve this area.

### PARK ISSUES

BY KIM WHITEHEAD

We have added a new tab to our website. This tab has replaced the Volunteer tab and is an area you can go to get information on any issues within the park, hopefully for the most part we won't have a lot to put under this tab but it is a good place to get information that may be needed. Such as the cancelation of the June 4<sup>th</sup> clean up. We didn't get any volunteers for this so we had to cancel. We will post any information that is relevant within the park. Other info that has been posted under park issues (cont. page 5)

**To All Park Residents:**  
**The Board is aware of many rumors that are circulating throughout the park. If you are hearing these rumors and would like answers or have questions, please contact any Board Member and we would be happy to talk with you**

To find this information and more check out the rest of our website.

**Are you in Cascade and planning a fishing trip? Did you forget your license? Do you need more fishing equipment? Check out Tackle Tom's in Cascade. They can help with your fishing needs.**

## Did You Know?

On July 2<sup>nd</sup> 2016 Don and Mary Lou Weber will be hosting a get together in the park. They have reserved the pavilion and will be supplying the main dish. They are also hoping to bring in a live band. Everyone in the park is invited to attend. They request you bring a favorite potluck dish and the drink of your choice. Donations would be appreciated to pay for the band. **Begins at 5 p.m.**

## Debris Trailer

As you may have noticed the trailer for lot debris is no longer available at this time. We need the trailer for other use. If you are cleaning up your lot and need to dump debris, please take it to the dumpster across from the fire station. Thank you

## Pond Pump – Thank Goodness for Reserves.

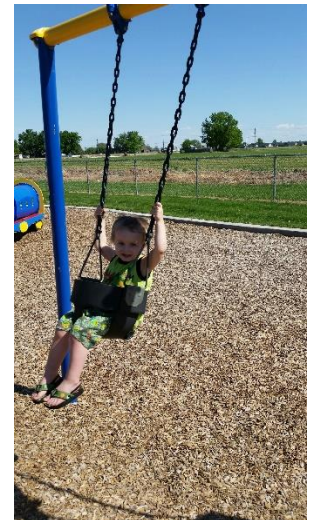

By Kim Whitehead

As many of you may have noticed we have a bit of construction going on. We recently had a pond pump go out and a culvert collapse. Bill is working on this to get it up and running again. To replace the pump could cost

us between \$6,500 to \$10,000. This type of unexpected expense is the reason we always want to attempt to put and keep money in our reserves.

# Volunteers

by Kim Whitehead

Please remember that our park runs on volunteers. Our Activities group could use some help. Otherwise we may have a summer without activities in the park. I for one would hate to see this happen as they have been responsible for most of the activities we get to enjoy every year. If you have extra time and would like to see the fun continue, please contact the Board by emailing [ltrvcascade@gmail.com](mailto:ltrvcascade@gmail.com). During the first meeting only 5 people showed up. The work they do for our community will take a bit more volunteering from everyone.

## Keep an eye out

We are going to be having a Board Meeting on June 4<sup>th</sup> at 10 a.m. in the pavilion.

Information on Board Members has been updated on our website. Although you could always send an email. (Which you can still do) Some Board Members have a phone number listed if you would like to talk with them directly.

Don't forget the clean-up day has been canceled due to lack of volunteers.

The Activities Group had their first meeting this past month. At this time, it is up in the air as to whether the group will continue due to low participation.

## Editor's Note

Since I published the newsletter I have received two complaints about the Editor's Note. Since this is the case, I am going to remove and replace this section. Please don't misunderstand my reason for doing this. As the Editor, I do believe that I should get the opportunity to address any issue in this area. However, I also vowed to keep the newsletter in a positive light. The Editor's Note was not necessarily negative but I don't want to allow this to bring in negative feedback that people want published. This information was only given because of what I was hearing from people within the park. With that being said, that is also the reason I am removing it.

(Pictures compliments of Bing)

Our park is a valuable asset and so are the people in the park. I am sorry that anyone would take offense to The Editors Note. All information in the newsletter will remain positive and if you would like to contribute with a positive message you are more than welcome to do so.

Leisuretime R.V Park is a wonderful place and my goal is not to take away from that. I want to add to our community in a positive light.

Thank you, Kim
