

Check the installation of the Client by opening the Settings

Check to see that the **SCOPIA DESKTOP Client** has been installed correctly.

Note: **SCOPIA DESCKTOP** is labeled as **Conference Client**.

Opening the Client Settings from the Windows Start Menu

1. Open the **Windows Start Menu**
2. Click on **All Programs**

3. Scroll to **Conference Client** folder and Click on **Settings**
 - The **Settings** window will appear
