

THE U.S. PARTNER IN THE GLOBAL STOP TB PARTNERSHIP

JUNE 2023

GREETINGS!

We are just weeks away from the <u>National TB Conference</u> in Atlanta, GA, being held in conjunction with the Association of Public Health Laboratories' (APHL) 13th National Conference on Laboratory Aspects of TB (June 12-15). Come check out our @StopTBUSA booth and learn <u>more ways</u> for you and yours to #EndTB! This conference is so popular, NTCA had to set up a *second* overflow hotel!!

DC UPDATE

The <u>End TB Now Act</u> has been reintroduced in the Senate and the House with new bill numbers <u>H.1776/S.288</u>!! Please ask your Representatives and Senators to co-sponsor this important bi-partisan bill! Special thanks to Senator Bob Menendez (D-NJ), Senator Todd Young (R-Ind.), Rep. Ami Bera (D-CA) and Rep. María Elvira Salazar (R-FL), Rep. Brad Sherman (D-CA), and Brian Fitzpatrick (R-PA) for being the lead sponsors! Call or write your members of Congress to ask they co-sponsor the End TB Now Act today:

Call the Capitol Switchboard at **1-202-224-3121** and ask for your senator/representative or give your state if you do not know their name. When you are connected to an office, ask for the Health Legislative Assistant. If you leave a voicemail message, include your name, phone number, and email so that they can respond.

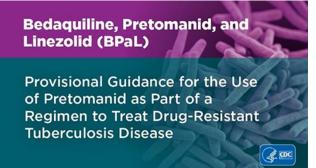

<u>Sample message:</u> I am a constituent from [your town] and I am calling to urge Sen./Rep._____ to co-sponsor the End Tuberculosis Now Act of 2023. The bill outlines a plan and critical actions to align tuberculosis efforts in the U.S. with international efforts. TB, an airborne infectious disease, was and is again the leading global infectious disease killer. TB cases are rising across the globe. The End TB Now Act will amplify our ability to end TB as a public health threat. I urge Sen./Rep. _____ to cosponsor this very important bill. Thank you for your consideration.
