Video Telehealth Visit Notice

1. I understand that my doctor wishes me to engage in a telehealth consultation.
2. Coastal Carolina Allergy and Asthma and its staff have explained to me how the video conferencing technology will be used. Such a consultation will not be the same as direct patient-physician visit because I will not be in the same room as my physician.
3. I understand there are potential risks to this technology, including interruptions, unauthorized access, and technical difficulties. I know that my doctor or I can discontinue the telehealth consult/visit if it is felt that the videoconferencing connections are not adequate for the situation.
4. I understand that my healthcare information may be shared with other individuals for scheduling and billing purposes. If others are present at the healthcare visit to assist with setting up equipment for the use of telehealth, I understand that I will be informed of their presence in the consultation and thus will have the right to request the following:
  - \*omit specific details of my medical history/physical examination that are personally sensitive to me.
  - \*ask non-medical personnel at leave the telehealth examination room
  - \*terminate the consultation at any time
5. I have had alternatives to telehealth consultation explained to me, and I am choosing to participate in a telehealth consultation. I understand that some of the exam involving physical tests may be conducted by individuals at my location under the direction of the consulting health care provider.
6. I understand that Coastal Carolina Allergy will bill me and/or my insurance.
7. I have had a direct conversation with my physician’s office staff, during which I had the opportunity to ask questions regarding the procedure. My questions have been answered, and the risks, benefits, and any practical alternatives have been discussed with me in a language in which I understand.

CCAA Employee	Date	Patient Verbal Agreement

“Patient seen today via Telehealth by agreement and consent of patient in light of current COVID -19 pandemic. I used the following Telehealth technology Facetime/Google Duo (e.g., video, phone call) during the visit. The patient encounter is appropriate and reasonable under the circumstances given the patient’s particular presentation at this time. The patient has been advised of the potential risks and limitations of this mode of treatment (including but not limited to the absence of in-person examination) and has agreed to be treated in a remote fashion in spite of them. Any and all of the patient’s/patient’s family’s questions on this issue have been answered and I have made no promises or guarantees to the patient. The patient has also been advised to contact this office for worsening conditions or problems, and seek emergency medical treatment and/or call 911 if the patient deems either necessary.”
