

Official statement from the TDTS regarding schedule changes

SAN ANTONIO, Texas (Feb. 25, 2019) — Recent events regarding CRE Promotions have altered our inaugural event schedule. We are not affiliated in any way with CRE.

With the loss of five race dates in early July and late August, we are now actively seeking contacts with other Texas tracks to fill these voids. While this loss caught us off guard, we remain optimistic and focused on our opener at I-37 Speedway on Sat., Mar. 23.

From this point on, any and all changes to our official 2019 schedule will be posted on our Website. Be sure to visit often as new dates get confirmed to fill out our exciting inaugural schedule.

Contact info for series co-owners is also on the site for track promoters willing to discuss a potential race date.
