### **Testimonial for Marc Lainhart:**

*Thank you..... it was from your readings, that put me in touch with my father, in particular, that have given me the courage, to step out into the world with this petition and website. It all came together synchronistically within a week and without cost to me financially. It was free. BUT I WORKED HARD FOR IT AND THAT FELT SO GOOD.*

*Thank you for recognizing that this was a celebratory event!!!!!!!!!!  
For me, with the publishing of my article in the paper, I felt like I had done something huge. Like*

*win the biggest prize imaginable. I just had to merge more deeply with the greatness of my father that lives within me and you helped me to accept.*

Thank you!!!!!!

### **Testimonial for Marc Lainhart:**

*I first met Marc 5 years ago as he began his journey on this Most Remarkable Path that he has created for himself. I saw him once as he began this Path and then again 5 years later. In that time he has literally "Transformed" into a Tremendously Gifted Psychic Medium who conveys ideas and information between living people and the spirits of the dead. Marc uses his spiritual realizations and intuitive gifts to relate information during his Sessions. It is clear that he crosses "the veil" to unlock answers to your questions. These answers may allow you a personal healing regarding the death of a friend or family member.*

*I see Marc as a remarkable Teacher who relates information easily allowing the understanding of many multifaceted concepts. He came into this Universe to do a very specific job, a job he found through personal suffering with the deaths of his family and friends. Who would be better than Marc to assist others with Spiritual Consultations? Please read his Bio Page, it's remarkable and gives a very long list of his training and education. Marc did not just "sit on the couch" and wait for an Awakening. He went in search of it!! AND, he found it!! Marc has brightened my life and I am honored to know him.*

### **Testimonial for Marc Lainhart:**

*My relationship with Marc started when he came to me as a client, then quickly evolved to being his mentor, and now full circle, as I have the privilege of enjoying his work as a client! In the time I have known Marc, I have watched him grow into his innate gifts as a medium, spiritual teacher and guide; his passion and dedication is amazing, and I know that he was born to do this work. To say that he is gifted is an understatement.*

*The sessions I've had with Marc have been enlightening, even astounding, with lots of useful and relevant information coming forward. One of the many facets of Marc and his work that I appreciate is his focus on service and helping others. I have always found him to be open, compassionate and non-judgmental. Marc is a bright star on the rise!*

### Testimonial for Marc Lainhart:

*I had been waiting for a message from my fiancé when I met Marc at a mediumship workshop in New York. I had been praying for him to come through with a beautiful message at the workshop since there would be over 50 mediums there and with their sheer power alone, surely he would come through. That didn't happen but what did happen was he came through with a gorgeous message through Marc about a week after the workshop. It was even better because it was very specific and personal to me and delivered with such beautiful grace that I knew Spirit had set up Marc to be the one to deliver it. I have no doubt with the specific evidence that was provided that Ben was reaching through the veil with a message of love and support for me.*

*A message from Marc helped course correct a downward spiral personally for me and this will forever remain as a milestone of divine grace on my path. My heart will always be grateful to Marc. Thank you and of course.....thank you so much for the reading this fall.*

Love,

### Testimonial for Marc Lainhart:

Dear Marc,

*Thank you so much for your heroic actions to save my life on May 3rd, 2010. After passing out from a sudden heart attack during an elliptical routine at Harbor Square, your actions not only saved my life, but revived me quickly enough to avoid detectable damage to my heart. Im so lucky that you were present with the knowledge to administer CPR and an available AED since, according to my cardiologist, most' people do not survive sudden attacks like this. Interestingly, my retirement was planned and began just three days ago. Now, thanks to you, I can enjoy all the dreams Wendy and I had of a long and fulfilling retirement, and our first grandchild due the end of this month.*

Forever grateful,

He was accurate in the delivery of the messages and I look forward to seeing how other information unfolds as it is exciting! Marc has a true gift and I recommend him if you are searching for answers or need guidance. Thank you Marc!"*

### Testimonial for Marc Lainhart:

*Being a highly sensitive person and empathic has been a blessing and curse. I met Marc Lainhart by universal law of attraction and by chance we are acquaintances with some of the same people. Marc sent me an email inviting me to come to one of his classes. I read Marc's bio online before going to class. I was AMAZED to finally have found someone that had some similar experiences and could understand and know that I'm not crazy. After meeting Mark and attending a few classes, I knew that Marc is the real deal in Mediumship. Marc's psychic intellect and connection with the non-physical world is a true gift.*

*Marc's passion and compassion and true purpose of mediumship is the gift that he shares with others and guides on how to connect deeper with their gift. Summer of 2013 I had the opportunity for Marc to be my mentor. I wasn't exactly sure what it was that I was seeking, but with communication and all of Marc's techniques and practices, Marc was able to guide and provide me the direction and info that I needed to go deeper. Through meditation and other practices Marc showed me how to set boundaries, listen and to trust. I now live in New York and deep gratitude to Marc for all the Wisdom and medium intellect he provided me so that I continue to practice and go deeper with my gift. I'm still not sure what I'm doing with my gift but Marc's mentor ship and guidance has certainly enabled my journey to flow with a bit more ease.*

*Again I AM GRATEFUL for Marc sharing his gift and guidance with me and I look forward to witnessing Marc's continued journey...*

### Testimonial for Marc Lainhart:

*Marc is an amazing clairvoyant medium, and his connection to spirit is palpable! Marc connected with my beautiful son in spirit and delivered several validating messages that only my son and I would know. One of my favorite messages that Marc delivered, was the fact that my son only wanted to go Mc Donalds to get the toy from the happy meal. Well, he was right on with this, because my son never liked the food at Mc Donald's he only wanted the happy meal toy.*

*Marc really proved the continuity of life, as he created a bridge fulfilled with love between my son and me. I am so grateful to have had this experience with Marc, as he is such a beautiful soul full of knowledge.*

*Thank you Marc for filling my heart with peace!*

### Testimonial for Marc Lainhart:

*Over a simple bowl of ice cream is when a message about my grandfather whom I adored came through Marc! I was shocked as I had not even known the details of what Marc picked up on about my grandfather; such as he at one point in his life smoked, until I confirmed the messages with my*

grandmother. I am still in awe over the gift that Marc Lainhart has been able to develop in a short time and it has been enjoyable watching him trust his journey! There are still a few family members that I wish to connect with but as I have learned it may not happen on my time but when the time is right.

### **Testimonial for Marc Lainhart:**

*I LOVED this class (Breathing-Meditation & Mediumship) and I don't know how I was walking around alive. Breathing deep is very important and we really don't do it right..... I loved the videos and meditation we did as well.*

*The sharing of each one of us was helpful too. I like that Marc Lainhart teaches to learn as well. He always gives you handouts so you won't forget what we did and that his practices are always awesome and fun! Thank you for letting me bring my friend. Thank you for being an awesome Prospector...*

### **Testimonial for Marc Lainhart:**

*It's a rare but rewarding and life changing experience when you are fortunate enough to have that one soul cross your path that makes you feel worthy, loved and not judged for being you. Marc Lainhart is one of those souls. I first met Marc over a year ago when attending a local meet-up for mediums. The meet-up format is designed for those of us who have recognized our abilities as psychics and mediums and need a place to meet for support, ask questions, learn what we can from each other and at some point practice these abilities with one another. As the group prepared for a practice session one evening we were asked to pair up, and fortunate for me, Marc was to be my partner.*

*Sitting with this young man, he immediately made me feel at ease just with his smile and the energy he radiates. Being empathic and intuitive myself, as we all are at times, you could feel the calmness and confidence as our energies met and I knew immediately that he was the real deal. Marc has a genuine passion for spirit and it is evident with his readings. Not only is he incredibly accurate but his delivery is surrounded with love and compassion for the person he reads. Having a reading with Marc, and I have had many more since that first night, leaves you feeling enlightened, inspired and loved.*

*When it comes to spirituality, Marc has been blessed with more than just his psychic and mediumship abilities. Marc's passion for spirit, and love and compassion for others, continues through his desire to teach. Through his company and website "The Intuitive Prospector", Marc invites anyone who is interested to attend his many workshops on a variety of spiritual topics, seminars on things from everyday life and their connection to spirituality, and other activities such as hikes or other outdoor activities.*

*Not only have I experienced first-hand Marc's teachings but I have recommended them to my own clients and friends and we have all come away with having learned something new about spirit, discovered more about ourselves and always wanting more. I spend a lot of time on Facebook, maybe*

*too much time, and there are a couple of popular posts out there that really resonate with me and since knowing Marc and having readings with him, attending his workshops and observing his teachings, they make a lot more sense to me now.*

*One is "We are all just walking each other home." And the other is "I don't have to try to be perfect. I just have to try to be better than I was yesterday."*

*Recently I have had the honor to work side by side with Marc. His inspiration and his passion for a spirit-filled journey in this lifetime, has been and always will be a blessing beyond measure for me. For that, I am truly grateful!*

Love & Light,  
R. Sullivan

### **Testimonial for Marc Lainhart:**

*Marc can read people so easily; he can tell if you are going through difficult times only by your voice. I am a private investigator and part of my job is to read people's body language too, so I totally understand and believe in Marc.*

*Marc connected me with my mom, who passed away unexpectedly, so there were many unsolved situations between the both of us. I won't tell you all the details of what Marc told me, but all I can say is that he connected with my mom, whom only spoke Spanish. Marc was able to communicate with her in Spanish, he told me so many details that only my mom and I would know. He was 100% accurate, with a lot of empathy at the time of the reading, very understanding and caring. When he did the reading for me, he was so specific about items, colors, specific places and times, words in Spanish and nicknames that will describe my mom perfectly and will bring memories of my childhood; of course he brought tears of joy to my eyes!!*

*Marc also picked up my grandmothers energy, as well as my grandpa and a few other relatives of mine. He described not only my grandma's physical appearance, her nickname but he also described her personality and the way she interacted with my mom. I was very impressed and happy to connect with grandma too, because she was the one that raised me in my early years, while my mom was working.*

*After meeting Marc, and his readings, I found out the answer to many questions that I've had. I am big believer of Jesus Christ, and also I pay attention to more of my daily signs (animals, new people, new situations, new opportunities), that showed up at the right time, with a specific meaning or answer to my question.*

*Marc is a very gifted man; I am friends with him and his lovely wife Jenny. He is a down to earth man; he will make you feel very comfortable, welcome, safe and happy. If you read his Bio Page, you will be more than impressed. Marc has helped me go back to my meditation times, hiking, and to reconnect with my artistic side. Life gets so busy sometimes, and you need great friends like him that will bring peace and joy to you.*

*Marc has been able to help me with a situation with my best friend who was murdered 19yrs ago and has never been found. I was able to talk to Marc about this, after he started to talk to me about a feeling he was having. Not long after speaking with him, he called me to tell me of a visit he had from her. There were facts he told me that hit so many points and were so on. Marc also has a way of talking about and talking to people, he put me at ease. I will talk to Marc any time any day!*

### **Testimonial for Marc Lainhart:**

*Thank you Marc for a wonderful reading. I had asked my brother, that has passed, to come through and you brought him forward for me. You were spot on with the things you said and even spoke with the same mannerisms he did. The information you relayed to me was insightful and accurate. You made the reading relaxing and went out of your way to make sure I got all of the information that was being given.*

*I absolutely will refer my friends and family to Marc for readings.
