

Litigation Support Projects:

Client: Hexacomb Corporation

Dr. Schwerdtfeger testified in front of the SCAQMD Hearing Board on two occasions in support of Hexacomb Corporation's requests for variances.

Client: Ameron

Dr. Schwerdtfeger provided technical support to Ameron with regard to a legal dispute over residual contamination at a property formerly leased by Ameron. She developed a timeline and maps from existing documents to show contradictions in the plaintiff's claims.

Client: Confidential

Dr. Schwerdtfeger performed audits under the attorney-client privilege for several confidential clients. These were typically as result of due diligence activities associated with merger/acquisition or divestitures.

Client: Confidential

Dr. Schwerdtfeger provided technical support in a toxic tort case for a confidential client. She researched available data and potential sources of chemical exposure to assist with the creation of a timeline and GIS map related to the plaintiff's whereabouts.
