Drawing, Painting, or Clay Instruction: Students will receive step-by-step instruction and take home a colorful cartoon, animal, landscape, or whatever you selected. We are happy to design a project based on your request, such as to meet requirements for a scout badge or to match any birthday party theme. Materials for chalk pastels, oil pastels, colored pencils, watercolor crayons, or watercolor paints are provided free of charge. Clay requires at least two lessons so it can be baked and painted, and is an additional \$5 per student. We may be able to accommodate special requests, such as painting on canvas, for an additional material fee.

Cost One teacher will come to your home or facility for a 1 ½ hour lesson. 20 students maximum.

Birthday Parties and Holiday Parties (When paid by a single family):

Up to 15 students = \$150 Includes custom developed project. Additional fee for over 15.
