## UPCOMING MOVIE RELEASES

### TMNT: Out of the Shadows

The Turtles continue to live in the shadows and no one knows they were the ones who took down Shredder. And Vernon is the one everyone thinks is the one who took Shredder down. April O'Neill does some snooping and learns a scientist named, Baxter Stockman is working for Shredder. He plans to break him out while he's being transported. April tells the turtles who try to stop it but can't. Stockman tries to teleport Shredder but he somehow ends up in another dimension and meets a warlord named Krang who instructs Shredder to assemble a teleportation device he sent to Earth a long time ago. He gives Shredder some mutagen which he uses to transform two criminals who were also in the transport with him, Rock Steady and Bebop into mutants. And they set out to find the device.

### God's Not Dead 2

A teenager named Brooke is trying to go about her day but is depressed because her brother died in an accident 6 months ago. Her parents seem to be over it and want her to be also. Grace Wesley (Melissa Joan Hart) is Brooke's history teacher. She is very upbeat and was even voted teacher of the year. She lives with her elderly father whom she takes care of. Amy returns as a journalist she was diagnosed with cancer at the end of the last film and became a Christian while interviewing the Newsboys. She just came from the doctor, and is now friends with the band, and tells them she is cancer free. Now that her illness is in remission, she wants to seek God out while just living her normal life. In class Grace is talking about Gandhi and Martin Luther King Jr's teachings about peaceful solutions. Brooke raises her hand and asks if it is also similar to Jesus' teachings. Grace agrees and recites some of Jesus's words from the Bible to show the similarities. One student takes out his cell phone and tells someone Grace has been preaching in class.

## UPCOMING BOOKS FOR THE YOUNGER CROWD

*"No two persons ever read the same book."*

*-Edmund Wilson*

### A Thousand Pieces of You by Claudia Gray

*Cloud Atlas* meets *Orphan Black* in this epic dimension-bending trilogy by New York Times bestselling author

Claudia Gray about a girl who must chase her father's killer through multiple dimensions. Marguerite Caine's physicist parents are known for their groundbreaking achievements. Their most astonishing invention, called the Firebird, allows users to jump into multiple universes—and promises to revolutionize science forever.

But then Marguerite's father is murdered, and the killer—her parent's handsome, enigmatic assistant Paul—escapes into another dimension before the law can touch him. Marguerite refuses to let the man who destroyed her family go free. So she races after Paul through different universes, always leaping into another version of herself. But she also meets alternate versions of the people she knows—including Paul, whose

life entangles with hers in increasingly familiar ways. Before long she begins to question Paul's guilt—as well as her own heart. And soon she discovers the truth behind her father's death is far more sinister than she expected. *A Thousand Pieces of You* explores an amazingly intricate multi-universe where fate is unavoidable, the truth elusive, and love the greatest mystery of all.

## NON-FICTION ADDITIONS

### LOOKING BACK

Lois Lowry

A Book of Memories

### Looking Back by Lois Lowry

People are constantly asking two-time Newbery Medalist Lois Lowry where she gets her ideas. In this fascinating memoir, Lowry answers this question, through recollections of childhood friends and pictures and memories that explore her rich family history.

She recounts the pivotal moments that inspired her writing, describing how they magically turned into fiction along the complicated passageway called life. Lowry fans, as well as anyone interested in understanding the process of writing fiction, will benefit from this poignant trip through the past and the present of a remarkable writer.

### About Lois Lowry:

My books have varied in content and style. Yet it seems that all of them deal, essentially, with the same general theme: the importance of human connections. *Summer to Die*, my first book, was a highly fictionalized retelling of the early death of my sister, and of the effect of such a loss on a family. *Number the Stars*, set in a different culture and era, tells the same story: that of the role that we humans play in the lives of our fellow beings.

## ADULT FICTION UPCOMING ARRIVALS

**Leave Me**  
by Gayle Forman  
International bestselling author Gayle Forman's trademark humor and insight abound in this masterful adult debut, showing us that sometimes you have to leave home in order to find it again. For every woman who has ever fantasized about driving past her exit on the highway instead of going home to make dinner, for every woman who has ever dreamed of boarding a train to

a place where no one needs constant attention—meet Maribeth Klein. A harried working mother who's so busy taking care of her husband and twins, she doesn't even realize she's had a heart attack. Afterward, surprised to discover that her recuperation seems to be an imposition on those who rely on her, Maribeth does the unthinkable: She packs a bag and leaves. But, as is so often the case, once we get to where we're going, we see our lives from a different perspective. Far from the demands of family and career and with the help of liberating new friendships,

Maribeth is finally able to own up to secrets she has been keeping from those she loves and from herself. With big-hearted characters who stumble and trip, grow and forgive, *Leave Me* is about facing our fears. Gayle Forman, a dazzling observer of human nature, has written an irresistible novel that confronts the ambivalence of modern motherhood head-on.

**The Kept Woman**  
by Karin Slaughter  
Husbands and wives. Mothers and daughters. The past and the future. Secrets bind them. And secrets can destroy them. The author of *Pretty Girls* returns with an electrifying, emotionally complex thriller that plunges its fascinating protagonist into the darkest depths of a mystery that just might destroy him. With the discovery of a murder at an abandoned construction site, Will Trent of the Georgia Bureau of Investigation is brought in on

a case that becomes much more dangerous when the dead man is identified as an ex-cop. Studying the body, Sara Linton—the GBI's newest medical examiner and Will's lover—realizes that the extensive blood loss didn't belong to the corpse. Sure enough, bloody footprints leading away from the scene indicate there is another victim—a woman—who has vanished . . . and who will die soon if she isn't found. Will is already compromised, because the site belongs to the city's most popular citizen: a wealthy, powerful, and politically connected athlete protected by the world's most expensive lawyers—a man who's already gotten away with rape,

despite Will's exhaustive efforts to put him away. But the worst is yet to come. Evidence soon links Will's troubled past to the case . . . and the consequences will tear through his life with the force of a tornado, wreaking havoc for Will and everyone around him, including his colleagues, family, friends—and even the suspects he pursues. Relentlessly suspenseful and furiously paced, peopled with conflicted, fallible characters who leap from the page, *The Kept Woman* is a seamless blend of twisty police procedural and ingenious psychological thriller – a searing, unforgettable novel of love, loss, and redemption.
