**From me to you...**

**Who are we? Sons and daughters of God. People with tremendous hope. The Holy Scripture reveals that we belong not to a world of success, fame, and power but to God. God loves us despite of our sins. He yearns to forgive us every day. He comes to help us in our weakness. When we fail to connect with Him, He sends us the Holy Spirit to bring us back to Him.**

**Majority of us today, are enslaved with fear, doubt, and uncertainty. We are still “fighting” against the worst enemy of our time; COVID 19. Everyone is struggling with how to stay safe and healthy, financially stable, and spiritually motivated. Many of us are living day to day emotionally exhausted yet we must work together in finding ways and means that this contagion be gone soon!**

**God also purifies our hearts day by day through prayer. Prayer is essential in our daily life. To pray is to praise God for who He is and for what He has done. To pray is to repent of sins we have committed, and of commands, we have neglected. To pray is to ask for the needs of others and for our own needs. To pray is to yield our will to God's will and to God's purpose for us.**

**Let us not feel hopeless about what is going on in our lives and the world today. Jesus has risen to walk with us and speak to us on whatever road of life. Let us listen to Him through our personal and community prayers. I am deeply convinced that with God's grace this pandemic will disappear soon!**

**Keep our faith stronger, remain safe and, healthy.**
