FROM THE PASTOR: This Sunday we as a Church celebrated the Body & Blood of Christ. This is the greatest gift that has been given to us. From the gift of the Eucharist flows an attitude of thankfulness. As we begin our Monday morning this week, each of us can think about two things. In the very thick of beginning of the work week, I suggest that we think about not only the great gift of the Eucharist but also about all the gifts that really surround us each day. Especially the people we come into contact with each day. Once we think about all our gifts of life this can help us to be truly thankful. Just maybe in the thick of a particular struggle in life, if we are thankful for our gifts around us we then can get through the struggle. See what the Eucharist can do for us. The Eucharist becomes the bridge between our gifts, thankfulness and struggles of life. The bridge of the Eucharist will take us to eternal life with God in heaven. ~~~ Fr. Ken Popp

ORGAN FUND: If you would like to donate money in someone's memory or simply love music and want to see your donation go to good use, you can give money to the efforts of rebuilding our organ and enjoy the "fruits" of your donation. The electrical components of the organ are over 100 years old and have never been redone. The last time any major work was done was 42 years ago. Our organ at St. Michael's is an important part of our Mass Liturgy and is a valuable asset to our church. We hope this clarifies some questions.
