6. ACTION ITEMS

a. Emergency Management – at past SVREM meetings discussion has taken place with respect to Summer Villages having easily accessible cash should a disaster or emergency occur. In consideration of this, Administration is proposing to its Summer Villages to consider an operating line of credit (LOC) with the bank in the amount of \$150,000.00. There is no annual fee with this LOC and you would only pay should you actually access this funding. It is hoped Yellowstone would never be in this position, but it is recommended the Summer Village take a proactive approach to its potential. If Council was to agree with this thought, then a borrowing bylaw would have to be passed. A draft bylaw is attached for review *(that a borrowing bylaw be brought back to the next Council meeting for consideration, or some other direction as given by Council at meeting time)*

p5-6

b. Waste & Organics Contract – as previously noted Administration under took a tender process for waste, organics and recycling contracts for the various communities we work with. We were very pleasantly surprised by the tenders that came in and the Summer Village will see a significant cost savings in this service on the go forward. Additional information to be presented and reviewed at meeting time *(that the Summer Village of Yellowstone award a 5 year waste and organics contract to _____ (2021 to 2025).*

ALBERTA
MUNICIPAL AFFAIRS

*Office of the Minister
MLA, Grande Prairie*

AR103014

Dear Chief Elected Official,

As you are aware, our province is facing some very challenging economic circumstances. Resource revenues are lower than they were in the early 1970s, while expenses are higher than anticipated due to the need to respond to the COVID-19 pandemic. This will cause financial challenges that will be felt for many years.

In light of these economic circumstances, Alberta may not be able to sustain our current levels of infrastructure and operating spending. We are already planning for Budget 2021; there will be some difficult choices the province must make to ensure Alberta's finances are sustainable over the long-term.

Having met with many municipalities recently, I understand your communities are also facing significant challenges. I will ensure your views are represented as we plan the provincial budget. In the meantime, I strongly encourage you to make certain all of your capital spending is used to support critical infrastructure that will benefit future generations of Albertans and position your community to participate in our economic recovery.

I look forward to working with you to create a sustainable and prosperous future for our province and our communities.

Sincerely,

Tracy L. Allard
Minister
