**CHESS SUPERSITE CORPORATION**  
**NOTES TO THE UNAUDITED CONDENSED FINANCIAL STATEMENTS**

**1. Organization, Nature of Business, Going Concern and Management Plans**

**Organization and Nature of Business**

Chess Supersite Corporation ("Chess Supersite" or "the Company") was incorporated on July 2, 2013 under the laws of the state of Delaware to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. The Company's current business comprises the operation of an extensive Chess gaming website. This comprehensive user friendly web site [www.chessstars.com](http://www.chessstars.com), is currently offering a state-of-the-art playing zone, broadcasts of the major tournaments, intuitive mega database, chess skilled contests and much more.

In May, 2014, the Company effected a change in control by the redemption of the stock held by its original shareholders, the issuance of shares of its common stock to new shareholders, the resignation of its original officers and directors and the appointment of new officers and directors.

On July 6, 2015, the Company filed its form S-1/A, to amend its form S-1 previously filed on January 26, 2015 and December 11, 2014. The prospectus relates to the offer and sale of 1,500,000 shares of common stock (the "Shares") of the Company, \$0.0001 par value per share, offered by the holders thereof (the "Selling Shareholder Shares"), who are deemed to be statutory underwriters. The selling shareholders will offer their shares at a price of \$0.50 per share, until the Company's common stock is listed on a national securities exchange or is quoted on the OTC Bulletin Board (or a successor); after which, the selling shareholders may sell their shares at prevailing market or privately negotiated prices, including (without limitation) in one or more transactions that may take place by ordinary broker's transactions, privately-negotiated transactions or through sales to one or more dealers for resale.

On July 13, 2015, the Company received a notice of effectiveness from the SEC for the registration of its shares.

On September 22, 2015, the Company was able to secure an OTC Bulletin Board symbol *CHZP* from Financial Industry Regulatory Authority (FINRA).

**Going Concern and Management Plans**

The Company has not yet generated significant revenue since inception to date and has sustained operating losses during the three months ended March 31, 2018. The Company had working capital deficit of \$1,664,697 and an accumulated deficit of \$6,973,870 as of March 31, 2018. The Company's continuation as a going concern is dependent on its ability to generate sufficient cash flows from operations to meet its obligations and/or obtaining additional financing from its members or other sources, as may be required.

The unaudited condensed interim financial statements have been prepared assuming that the Company will continue as a going concern up-to at least 12 months from the balance sheet date; however, the above condition raises substantial doubt about the Company's ability to do so. The condensed unaudited financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern.

In order to maintain its current level of operations, the Company will require additional working capital from either cash flow from operations or from the sale of its equity. However, the Company currently has no commitments from any third parties for the purchase of its equity. If the Company is unable to acquire additional working capital, it will be required to significantly reduce its current level of operations.

**CHESS SUPERSITE CORPORATION**  
**NOTES TO THE UNAUDITED CONDENSED FINANCIAL STATEMENTS**

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The unaudited condensed interim financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") for interim financial information and the rules and regulations of the SEC and are expressed in US dollars. Accordingly, the unaudited condensed interim financial statements do not include all information and footnotes required by US GAAP for complete annual financial statements. The unaudited condensed interim financial statements reflect all adjustments, consisting of only normal recurring adjustments, considered necessary for a fair presentation. Interim operating results are not necessarily indicative of results that may be expected for the year ending December 31, 2018 or for any other interim period. The unaudited condensed interim financial statements should be read in conjunction with the audited financial statements of the Company and the notes thereto as of and for the year ended December 31, 2017.

**Reclassification of comparative figures**

Certain of the prior period figures have been reclassified to align with Management's current view of the Company's operations.

**Use of Estimates**

The preparation of the unaudited condensed interim financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the unaudited condensed financial statements and the reported amounts of revenues and expenses during the reporting periods. Estimates may include those pertaining to accruals. Actual results could materially differ from those estimates.

**Revenue recognition**

In accordance with ASC 605, revenue is recognized when persuasive evidence of an arrangement exists, services have been performed, the amount is fixed and determinable, and collection is reasonably assured.

On May 28, 2014, the FASB and IASB issued ASC 606, *Revenue From Contracts With Customers*, under which an entity is to recognize revenues to depict the transfer of promised goods or services to a customer in an amount that reflects the consideration to which the entity expects to be entitled to in exchange for those goods or services. For public entities, the effective date is annual reporting periods (including interim reporting periods within those periods) beginning after December 15, 2017.

The Company qualifies as an "emerging growth company" under the 2012 JOBS Act. Section 107 of the JOBS Act provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. As an emerging growth company, management can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. The management has elected to take advantage of the benefits of this extended transition period.

**Recently Issued Accounting Standards**

The Company evaluated all recent accounting pronouncements issued and determined that the adoption of these pronouncements would not have a material effect on the financial position, results of operations or cash flows of the Company.

### Overview

Chess Supersite Corporation ("Chess Supersite" or "the Company") was incorporated on July 2, 2013 under the laws of the state of Delaware to operate an online chess site featuring sophisticated playing zones, game broadcasts with software analyses and top analysts' commentaries, education and other chess oriented resources.

The Company registered its common stock on a Form 10 registration statement filed pursuant to the Securities Exchange Act of 1934 (the "Exchange Act") and Rule 12(g) thereof. The Company files with the Securities and Exchange Commission periodic and current reports under Rule 13(a) of the Exchange Act, including quarterly reports on Form 10-Q and annual reports Form 10-K.

In May, 2014, the Company effected a change in control by the redemption of the stock held by its original shareholders, the issuance of shares of its common stock to new shareholders, the resignation of its original officers and directors and the appointment of new officers and directors.

The Company issued 1,000 (post reverse split) shares of its common stock pursuant to Section 4(2) of the Securities Act of 1933 at par representing 66.7% of the total outstanding 1,500 (post reverse split) shares of common stock as follows:

500 (post reverse split) Rubin Schinderman  
500 (post reverse split) Alexander Starr

With the issuance of the 1,000 (post reverse split) shares of stock and the redemption of 20,000 (post reverse split) shares of stock, the Company effected a change in its control and the shareholder(s) elected new management of the Company. The Company changed its name as part of the change in control.

## **ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)**

### **Business and Plan of Operations**

The Company operates an online chess site featuring sophisticated playing zones, game broadcasts with software analyses and top analysts' commentaries, education and other chess oriented resources. We believe that chess players have two major needs: (i) to play against each other and (ii) to watch chess matches between two players including Grandmasters. To meet that need, we have developed "Chess Stars" as an interactive and educational website that allows chess players to play online, watch broadcasted chess tournaments, learn to play and improve their skills and to participate in our patent-pending "Choose Your Moves and Win" contests. Utilizing advanced two-tier architecture, "Chess Stars" can support virtually an unlimited range of content and services designed to attract viewers. With a model similar to that of TV poker, viewers are able to see an odds matrix for any position on the chess board. Percentage of success for each move is based on statistics, computer analysis and our proprietary value calculations. The viewing of chess games is particularly adaptable to the Internet to allow for real time or archival viewing while enjoying the comments, announcements and analyses of top chess experts. We anticipate we will be able to deliver high quality viewing and game-playing experiences featuring broadcasts of top worldwide games, education, interactivity, playing and other services and facilitate the emergence of chess as a mainstream sport.

In October 2016, we started our Chess Stars Club Membership Program. Club members enjoy free entry to all events, including our cash prize events. Club membership costs \$12.95 per month or \$99.00 per year. At the present time, we have sold 93 Club memberships. We have derived our revenues at date from the sale of Club memberships and our live events such as Chess Stars Camps, live chess tournaments and Chess Festivals with attendees paying on the average of \$50.00 per person.

We have spent approximately \$554k on software development and have issued shares fair valued at approximately \$1.9mn to consultants and advisors. These expenses were partially capitalized as Intangible Assets and the remaining part has been reported by us on the statement of operations as website development, software development and advisory and consulting expenses, and represent a major value to the Company and its investors.

We evaluate the recoverability of infinite-lived intangible assets for possible impairment whenever events or circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of these assets is measured by a comparison of the carrying amounts to the future undiscounted cash flows the assets are expected to generate. If such review indicates that the carrying amount of intangible assets is not recoverable, the carrying amount of such assets is reduced to fair value.

During the year ended December 31, 2017, the intangible asset was written off based on our review and evaluation of its recoverability.

### **Employees**

We currently have two employees, Rubin Schindermann, our CEO, and Alexander Starr, our President. We have contracted with a number of independent contractors and consultants to provide a range of information technology and marketing services who do not receive cash compensation but receive shares of our common stock as compensation. This mitigates any need for full or part-time employees for these services.

### **Intellectual Property Protection**

On July 8, 2016, we submitted an International Patent Application with the Canadian Intellectual Property Office for an "Interactive Expectation-Based System and Method" for our online chess competition entitled "Choose Your Moves and Win". Patent application is pending as of March 23, 2018.

## **Competition**

We compete with companies that develop games for networks, on both web and mobile, vary in size and include companies such as DeNA Co. Ltd. (Japan), Electronic Arts Inc., Gameloft SA, GREE International, Inc., Glu Mobile Inc., King.com Inc., Zynga, Inc., Rovio Mobile Ltd., Supercell Inc., GungHo Online Entertainment, Inc., Kabam and The Walt Disney Company. Furthermore, we expect new competitors to continuously enter the market and existing competitors to allocate more resources to develop and market competing games and applications. At the present time, we have identified a number of chess online sites which could be considered competitors, such as Chess.com; InstantChess; SparkChess and Chess24, among others. We are committed to establishing and maintaining the highest quality interactive chess playing and learning site.

## **Advisory Board**

We have established an Advisory Board that presently consists of three (3) members; Garry Kasparov, Michael Khodarkovsky and Nava Starr. Mr. Kasparov is a Russian Chess Grandmaster, former World Chess Champion, writer and political activist. Mr. Khodarkovsky is a Chess Master. He is the President of the Kasparov Chess Foundation and World Chess Federation Senior Trainer and Chair of the International Affairs Committee of the United States Chess Federation. Nava Starr holds the title of Woman International Master. She is an eight-time Canadian Ladies Champion and has represented Canada in the Women's Chess Olympiad and Women's World Championship. She is married to our President Alexander Starr. The Advisory Board was established to advise and make non-binding recommendations to the Board of Directors with respect to matters within the area of expertise of the Advisory Board. The Advisory Board operates under an Advisory Board Charter. Advisory Board members do not receive cash compensation but, in the discretion of the Board of Directors, may receive stock options or stock grants.

## ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

### Results of Operations

We have not generated significant revenue to date and consequently our operations are subject to all of the risks inherent in the establishment of a new business enterprise. Our analysis on the performance of the Company is as follows:

#### *Balance sheet – As at March 31, 2018 and December 31, 2017*

##### **Cash**

At March 31, 2018 we had cash of \$562 compared to \$56 as at December 31, 2017. The increase is due to issuance of a convertible promissory note during the current quarter offset by payments of software development, consulting, professional and legal expenses during the period.

##### **Prepaid asset**

Prepaid asset amounting to \$140,000 represented commitment fee owed by us to a certain investor in respect of a drawdown facility which is not yet active. The asset was written off in the statement of operations during the year ended December 31, 2017 because the benefit associated in form of the equity line of credit no longer exists.

##### **Intangible assets**

Intangible assets represent the amount incurred by the Company related to the development of the online chess gaming website. During the year ended December 31, 2017, after the management's review and evaluation of its recoverability, the intangible asset was written off.

##### **Accounts payable and accrued liabilities**

At March 31, 2018 we had \$115,087 of accounts payable and accrued liabilities as compared to \$109,741 as at December 31, 2017. The balance primarily represents interest on promissory notes amounting to \$85,181, advertising and promotion services amounting to \$14,214, marketing services cost amounting to \$13,650, accounting fee accrual of \$2,500, and review fee accrual of \$3,000.

##### **Payable to related parties**

At March 31, 2018 we had \$114,697 of amount payable to related parties as compared to \$123,697 as at December 31, 2017. The balance represents management services fee outstanding to the two shareholder/managers of the Company.

##### **Shareholder advances**

At March 31, 2018 we had \$331,842 of shareholder advances as compared to \$304,322 as at December 31, 2017. The balance represents Company expenses personally paid by shareholders.

##### **Convertible promissory notes payable**

In January 2018, we entered into an agreement with an investor and issued them a convertible promissory note amounting to \$28,000. The outstanding amount under the note is due on or before October 30, 2018. We accrued net interest on promissory notes during the three months ended March 31, 2018 amounting to \$13,318.

Convertible Redeemable note issued on October 18, 2016, amounting to \$140,000 (Note H), representing commitment fee owed by the Company pursuant to Securities Purchase Agreement entered into by the Company dated October 18, 2016. During the year ended December 31, 2017, the pending S1 registration statement was withdrawn, removing the benefit associated with the prepaid asset. The amount was therefore written off as commitment fee in the statement of operations. During the period ended March 31, 2018, the Company obtained forgiveness of the liability and the interest associated with the note payable and recorded \$153,471 as forgiveness of debt in the condensed statement of operations

Principal amount outstanding as at March 31, 2018 was \$439,200.

**ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)**

***Statement of Operations – For the three months March 31, 2018 and 2017:***

**Revenue**

Revenue of \$263 during March 31, 2018 represents membership fee for the Company's chess gaming website, and cash sales from hosting a chess tournament in association with Florida Chess Club as compared to revenue \$969 during period ended March 31, 2017, which represents membership fee for the Company's chess gaming website

**Expenses**

Our expenses are classified primarily into advisory and consultancy fee, salaries and wages, legal and professional fees, software development expense and website development and marketing expense. The significant decrease in overall expenses for the three months ended March 31, 2018 compared to 2017 is due to lower advisory and consultancy fee during the period. This was due to the fact that the work on the website was significantly complete and did not require many services during the 2018 period.

Expenses for the three months ended March 31, 2018 primarily represented salary for two employees amounting in total to \$75,000, legal and professional charges of \$33,262 comprising audit, accounting and Edgar agent fee, software development expense of \$15,101, website development and marketing expense amounting to \$10,241 for the development of the Company's website Chessstars.com and its marketing and publicity, rent and utilities amounting to \$4,423, office and general expenses amounting to \$375.

Other income and expenses comprised, change in fair value of derivative liability amounting to \$219,702, gain on forgiveness of debt amounting to \$153,471 (includes accrued interest of \$13,471) and interest and bank charges amounting to \$13,647.

**ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)**

**Liquidity and Capital Resources**

At March 31, 2018, we had a working capital deficit of \$1,952,100. We are actively seeking various financing operations to meet the working capital requirements.

To date we have relied on third parties to provide financing for our operations by way of private placements. The proceeds may not be sufficient to effectively develop our business to the fullest extent to allow us to maximize our revenue potential, in which case, we will need additional capital.

**Off-Balance Sheet Arrangements**

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

**Critical Accounting Policies**

Revenue is recognized when persuasive evidence of an arrangement exists, services have been performed, the amount is fixed and determinable, and collection is reasonably assured.

Other critical accounting policies are described in the Company's Form 10-K for the year ended December 31, 2017.

**Subsequent Events**

We issued 500,000 shares as consideration for consultancy services in April 2018.

**Description of Property**

Our principal executive office is located at 1131A Leslie Street, Suite 101, Toronto, Ontario, Canada, M3C 3L8.

Based upon that evaluation, the Company’s principal executive officer and principal financial officer concluded that the Company’s disclosure controls and procedures were not effective as of March 31, 2018 to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act (i) is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms and (ii) is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system are met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control systems, there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

#### **Changes in internal controls**

No change in our system of internal control over financial reporting occurred during the three months ended March 31, 2018 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
